First of all, I made a shopping list

Pasta: spaghetti

Greengrocery: potatoes, onions,
cucumbers, carrots

Bakery: brown and white bread

Dairy: milk, cream, cheese, butter

Fruits: apples, grapes.

I went to the shop «Korona». Firstly I took a trolley and walked around putting the goods I need.

I went to the greengrocery and bought five apples but a didn't find grapes. Then I went to the dry groceries department and took spaghetti. Next dairy products, I bought milk, cream, cheese and butter. There I bought potatoes, cucumbers, onions, carrots. At the end I went to bakery and bought brown and white bread.
