

My flat

Agabekyan David

I have a big and cozy room in our flat. There is a large window with lace curtains, so my room is full of light. I spend a lot of time in this room: I do my homework, listen to music, read books and chat with friends.

The Wallpaper in my room light grey with a picture of the world map. In the center of the room stands a bed, it is covered with a soft, fluffy blanket on the bed lots of pillows. Over the bed a large poster of my favorite games «World of tanks».

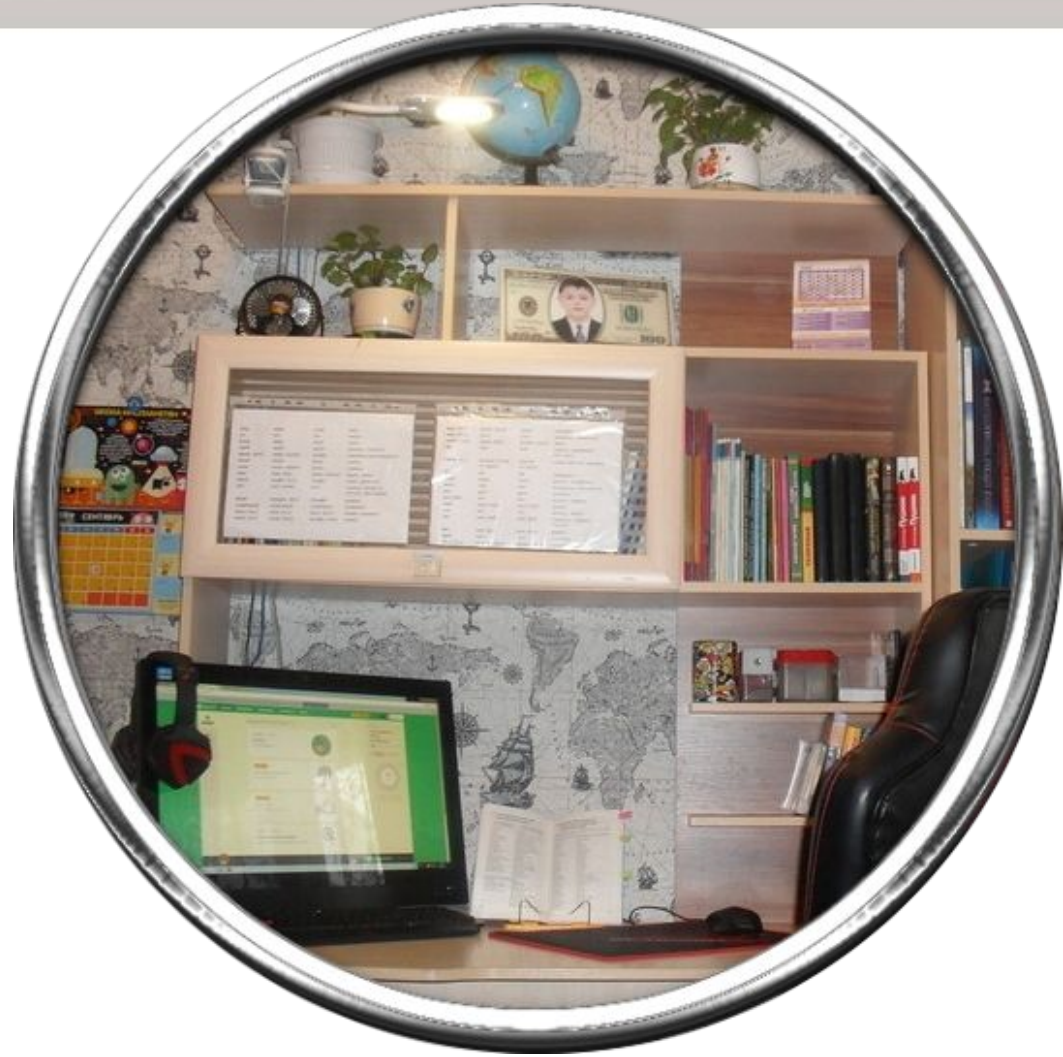

On the wall above the bed a lot of paintings that are dear to me. In the center of my portrait. With the right picture painted by the dolphins when we were vacationing in Yalta. To the left of my portrait painting I have painted on the water, below the world map.

**The right of the bed
is stand bedside
table. On the bedside
table usually stands
,bottle of water ,a
cup, a phone, a lamp
and a book I'm
reading before going
to sleep.**

And this is my table, for him I'm doing homework. It fits everything you need for school. It is very convenient because it has a lot of shelves where my books , notebooks, pens ,pencils. Also on my Desk is a computer, on it I play , watch movies, and perform work for the school.

**To the left of the
table is the
cupboard where
the printer and
scanner, and likes
to sleep my cat.**

The right of the table is the Cabinet in it I have stored Board games, collectible cars, books and monthly periodical. Before the table is comfortable, soft chair.

At the entrance to my room on the right side stands TV stand for the TV and Xbox .Above it hangs a shelf in it are video and audio discs , piggy Bank and flowers. And above that on the wall clock with the image of V. V. Putin's , I'm according to him watching the clock.

In the corner
stands a
cupboard, in it
are all my things.

On the floor in
my room soft
carpet, I love to
play it.

I like my room it was bright, cozy and spacious, love to be in it . In my room there is everything you need. I try to keep it clean and tidy.
