## TRANSITION HEADLINE

Let's start with the first set of slides

“ Quotations are commonly printed as a means of inspiration and to invoke philosophical thoughts from the reader.

## THIS IS A SLIDE TITLE

- Here you have a list of items
- And some text
- But remember not to overload your slides with content

Your audience will listen to you or read the content, but **won't do both.**

# BIG CONCEPT

Bring the attention of your audience over a key concept using icons or illustrations

## YOU CAN ALSO SPLIT YOUR CONTENT

### White

Is the color of milk and fresh snow, the color produced by the combination of all the colors of the visible spectrum.

### Black

Is the color of coal, ebony, and of outer space. It is the darkest color, the result of the absence of or complete absorption of light.

## IN TWO OR THREE COLUMNS

### Yellow

Is the color of gold, butter and ripe lemons. In the spectrum of visible light, yellow is found between green and orange.

### Blue

Is the colour of the clear sky and the deep sea. It is located between violet and green on the optical spectrum.

### Red

Is the color of blood, and because of this it has historically been associated with sacrifice, danger and courage.

## A PICTURE IS WORTH A THOUSAND WORDS

A complex idea can be conveyed with just a single still image, namely making it possible to absorb large amounts of data quickly.

A person with short dark hair, wearing a grey and black striped sweater, is seen from behind, looking at a wall covered in various design-related papers, sketches, and photos. The papers include wireframes, diagrams, and images of people and objects. The scene is brightly lit, suggesting a creative workspace or studio.

**SlidesCarnival icons are editable shapes.**

This means that you can:

- Resize them without losing quality.
- Change line color, width and style.

Isn't that nice? :)

Examples:

**Now you can use any emoji as an icon!**

And of course it resizes without losing quality and you can change the color.
