

MY SHOPPING AT THE SUPERMARKET

Alexandra Smyslova , MFL-12(2)

THE PLACE OF SHOPPING

Usually I go to the shopping at our local supermarket.

I like this store because there is a wide variety of goods and the prices is not very high.

BEGINNING OF THE SHOPPING

First of all I take my basket.
And I choose products
according to my shopping list.

FRUIT AND VEGETABLES' DEPARTMENT

In this department
I usually buy a bunch of bananas
and some apples.

DAIRY PRODUCTS

I also buy a carton of milk ,
some cheese and a jar of
yogurt.

Sometimes I buy a dozen eggs.

BAKERY

In this department I usually buy a loaf of bread and some buns.

FINISHING OF THE SHOPPING

When my basket is full,
I have to join the queue
at the check-out.

FINISHING OF THE SHOPPING

When it's my turn to pay ,
the cashier checks the prices
on the items and ring up the cash register.
Then she tells me the total and I pay cash.
She gives me the receipt.

FINISHING OF THE SHOPPING

So, when I've finished my shopping
I'm putting my goods in the bag
and going at the home.

THANK YOU FOR YOUR ATTENTION!♥
