- My favourite film is called “Pirates of the Caribbean”.
- It belongs to the genre of action and fantasy. It is an American film, which makes the viewer plunge into the atmosphere of piracy. The story of the movie tells us about the adventures of captain Jack Sparrow, and also shows the love story of two other central heroes.

The leading characters are Jack Sparrow, Elizabeth Swann, William Turner and also creepy captain Barbossa.

- The events of the film takes place in the Port Royal. The film begins with events that occurred 10 years ago, when the English ship rescued the boy William, and Elizabeth took the pirate medallion from him to save him from death. From here begins their story.

- Further action takes place in the present. Elizabeth meets Will. The guy has long been in love with her. At this time Jack Sparrow arrives at the port and wants to steal the ship, they catch him and put him in jail. But at night the port is attacked by pirates with the leader Barbossa and Jack manages to escape with the help of Will Turner. The cunning captain wants to take away his favorite ship from the Barbossa in exchange for William in which the pirate's blood flows.

- William wants to save his beloved Elizabeth, which captured by pirates, and Jack thinks only about his advantage. so the Barbossa team takes three of them into captivity. but in the end, Will confesses to them of who he really is and the pirates decide to kill him.

then comes the battle between the English fleet and the pirates of the Barbossa. Jack kills Barbossa and then everyone returns to the Port Royal.

- At the end of the movie Jack is sentenced to be hanged again. But William saves him, and Elizabeth confesses to the guy in love. Jack, taking advantage of the moment, escapes on his ship, and the governor blesses the lovers to the wedding.

- According to the cast there are several actors that should be mentioned.
- Johnny Depp - Captain Jack Sparrow
- Orlando Bloom – William Turner
- Keira Knightley - Elizabeth Swann,
- Jeffrey Rush - Captain Hector Barbossa,
- Kevin McNally - Joshami Gibbs, friend and first mate of Jack
- Jack Davenport - Commander James Norrington.
- All the above actors just played their amazing roles.

- In conclusion I would like to say that this is my favorite movie since childhood. It will completely overwhelm me with his dynamism and the spirit of adventurism.
- It also teaches us to think about real life values, and of course, about love.

For me this film amazing and it has no equal.

● Thank you for watching
