Who doesn't love music?
Whatever mood we have
- bad or good, from time
to time we turn on our
favourite song.

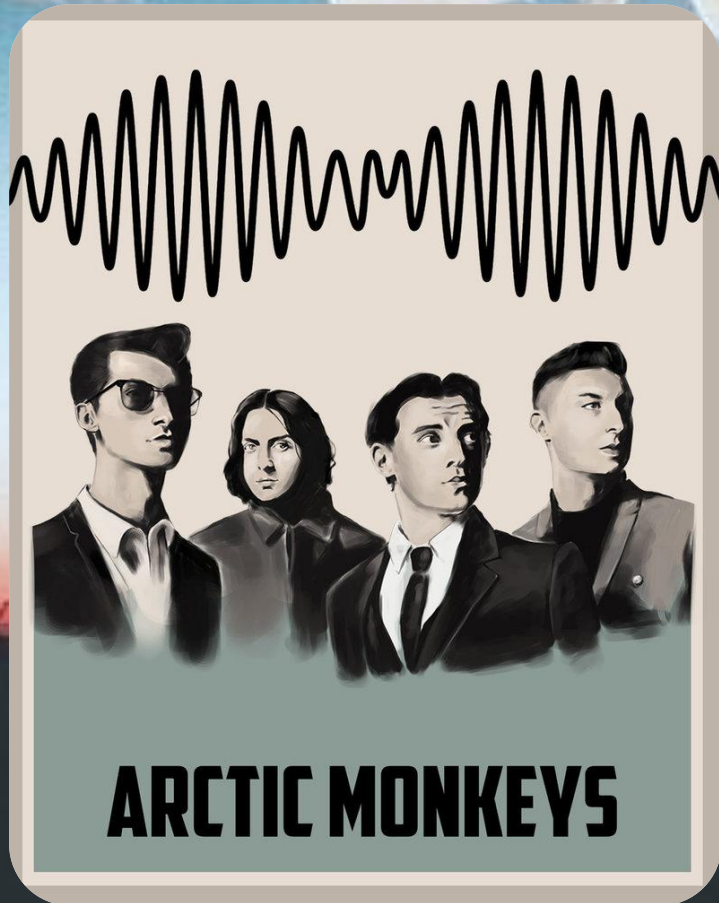

Life without music would
be boring and dull. Just
imagine a disco being in
silence or holidays being
without musicians.

Absolutely all people of
every type around the
world are not indifferent
to the music. Genres that
are most popular are
rock, rap, pop, techno,
chanson, hip-hop and
others. There are other
very specific genres.

For example, folk music,
classical music, spiritual
music and also such

In each genre I have a favorite singer. But my favorite singers are Arctic Monkeys and Lana Del Rey. Today I want to tell you about wonderful singer - **Lana Del Rey**,

SHE HAS UKRAINIAN ROOTS. HER SONG "VIDEO GAMES", PUBLISHED IN 2011, WAS AWARDED AS THE "BEST NEW TRACK" IN THE PUBLICATION PITCHFORK MEDIA.

HER FIRST ENCOUNTER WITH THE SINGING TOOK PLACE IN A CHURCH IN NEW YORK. IT WAS THERE THAT WAS FIRST AWAKENED HER INTEREST IN MUSIC.
