Age:

18
Home place: Republic of Tatarstan Naberezhnye Chelny

Ways of communicating

Nowadays there are a lot of different ways of communication, most of them we use every day, such as face-to-face communication, phone calls, e-mail, video call, different messengers, handwritten letters.

Face – to – face communication

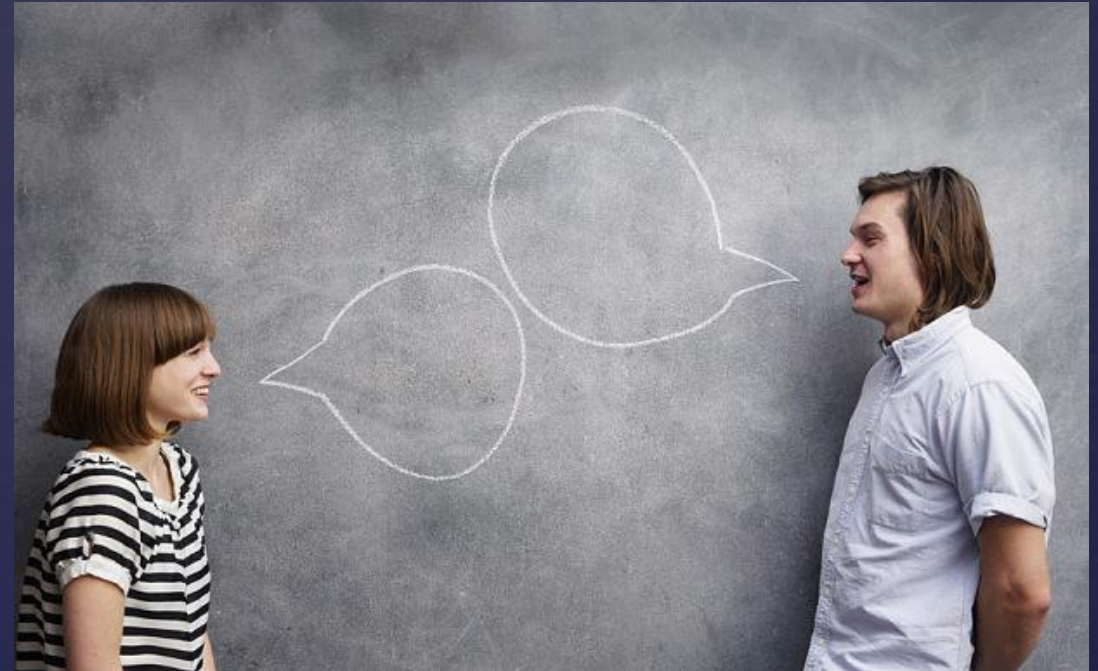

Advantages

- 1) Physical contact
- 2) You can feel emotions

Disadvantages

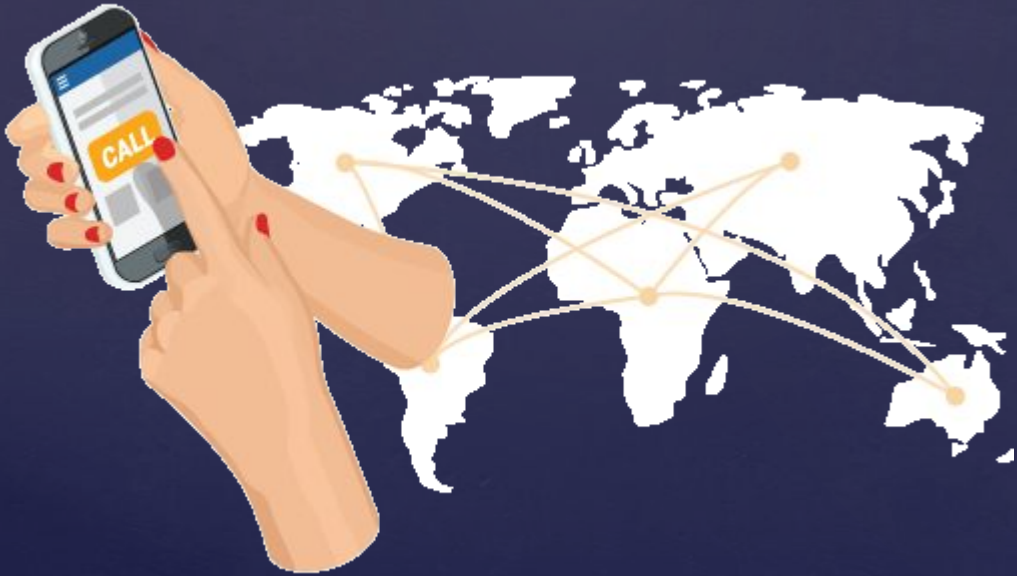

- 1) You need to have possibility

Phone calls and messengers

Advantages

- 1) You can contact a person from anywhere in the world
- 2) You can contact anytime

Disadvantages

- 1) There is no connecting everywhere
- 2) No physical contact

Handwritten letters

Advantages

- 1) You can feel some physical contact
- 2) More enjoyable than other contactless ways of communication

Disadvantages

- 1) You need to wait some time
- 2) Sometimes unreliable delivery

E-mail

Advantages

- 1) More faster than handwritten letters
- 2) You can contact a person from anywhere in the world in any time

Disadvantages

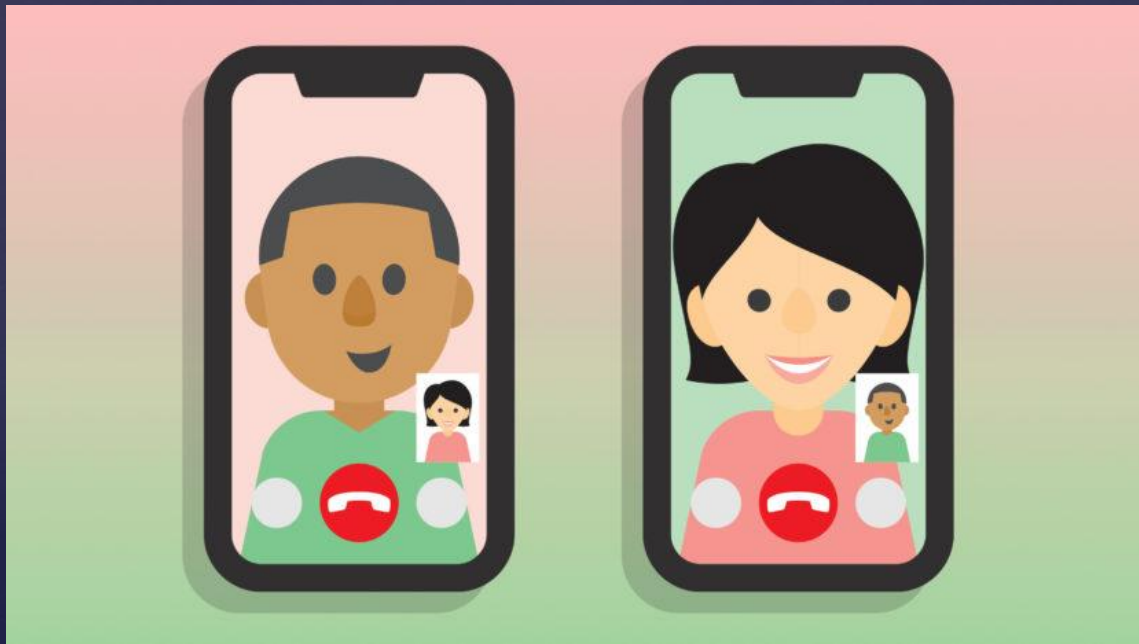

- 1) No physical contact
- 2) You need to wait some time

Video-call

Advantages

- 1) You can see your interlocutor in face
- 2) You can contact a person from anywhere in the world

Disadvantages

- 1) No physical contact
- 2) There is no connecting everywhere

Ways of communicating with officials

We communicate with officials **face-to-face**, by **Email**.
Sometimes we use **Video-call**.

Ways of communicating with family and friends

We communicate with family and friends in all ways.

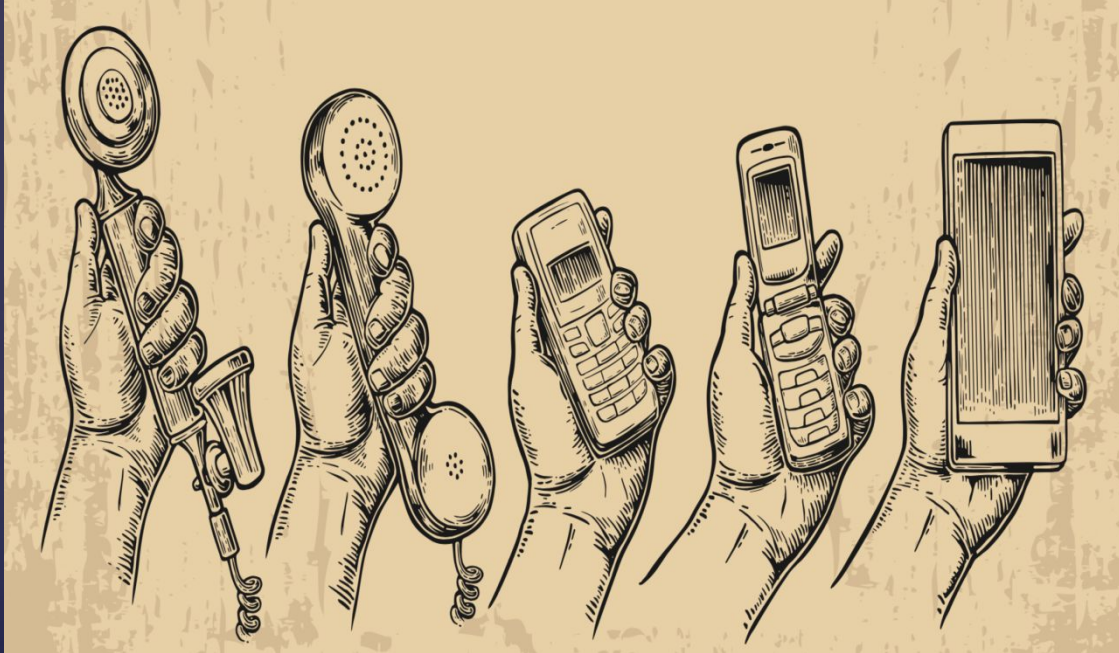

Ways of communicating now and five years ago

Five years ago we communicated by phone calls, video call.

Now we communicate mainly by messengers and video call, sometimes by phone calls.

Face-to-face communication has always been and will be the most common.

Thanks for attention!
