The Brain train in your free time is the first step for the successful future

Zaentz Martin

Form 3 "B"

School 1256

Teacher: N.Y. Muromtseva

Moscow, 2016

Introduction

Aim: to find out what my classmates do in their free time and how this affects their school performance.

Object: students of the 3rd Form

Subject: activities of the students in their free time

Introduction

Problem: why our parents and teachers want us not to be passive in our free time?

The hypothesis: what kind of activities can affect school performance?

A lot of parents and teachers think that if a person tries himself in various fields such as sport, music, learning foreign languages, he will be successful.

That's why the research can be really **actual**.

A range of activities

Research

Research

Conclusion

“The great dividing line between success and failure can be expressed in five words: I DID NOT HAVE TIME”

Franklin Field
