

Strategy "Kazakhstan-2050"

In December 2012 President's message to the people was represented by the Republic of Kazakhstan Development Strategy up to 2050.

The main objective

By 2050, to create a society of prosperity based on a strong state, developed economy and universal labor opportunities, and become one of the 30 most developed countries of the world!

The main directions of Kazakhstan-2050

Strategy

- Knowledge and skills - milestones of modern education, training and retraining.
- Further strengthening of the statehood and development of the Kazakhstan democracy.
- The promotion of national interests and the strengthening of regional and global security.
- New Kazakh patriotism - the basis of the success of our multi-company.
