**Ex.1. Look at the picture. Imagine, you're near the castle. Tell the way to different places you can see at the picture.**

***Ex. 2 Read the text and write in your exercise book "In what way this town you'd like to live"***

## **The Town of My Dream**

The town of my dream is not very big and not very small but it is very beautiful. It is cosy and comfortable to live in because it has all kinds of important things: good houses, health centres, shops, cafés, restaurants and hotels.

The streets in my dream town are wide and green with a lot of trees and flowers. There's a green park where people go for a walk and where they feed water birds.

The schools in this town are big, light and modern. There's a university for those who want to become students. There are museums and picture galleries too. The town has its own airport, buses and taxis. There are a lot of things to see and to do in the town of my dream.
