Gold Club

The **best performing electronic roulette** range offers the most **compact multiplayer roulette**s, which allow to **maximize return** from limited spaces thanks to its modern, compact design with enhanced ergonomics.

QUADRA

Our most compact model to fit **limited spaces**

- **4 player positions**
- **Modern and compact design** with enhanced ergonomics.
- The **Adaptive Illumination Technology** provides emotive lighting for the player and ensures that the roulette is dominating the casino floor.

VENTURA

The perfect solution for **arcades**

- **6 player** positions
- **Modern and compact design** with enhanced ergonomics.
- The **Adaptive Illumination Technology** provides emotive lighting for the player and ensures that the roulette is dominating the casino floor.

LUMINA

Compact and comfortable at the same time

- **8 player positions**
- **Modern and compact design** with enhanced ergonomics.
- The **Adaptive Illumination Technology** provides emotive lighting for the player and ensures that the roulette is dominating the casino floor.

FUTURA

More room for **more players**

- **10 player positions**
- **Modern and compact design** with enhanced ergonomics.
- The **Adaptive Illumination Technology** provides emotive lighting for the player and ensures that the roulette is dominating the casino floor.

HUO LONG

ROULETTE

Targeting **Asian players** in casinos worldwide

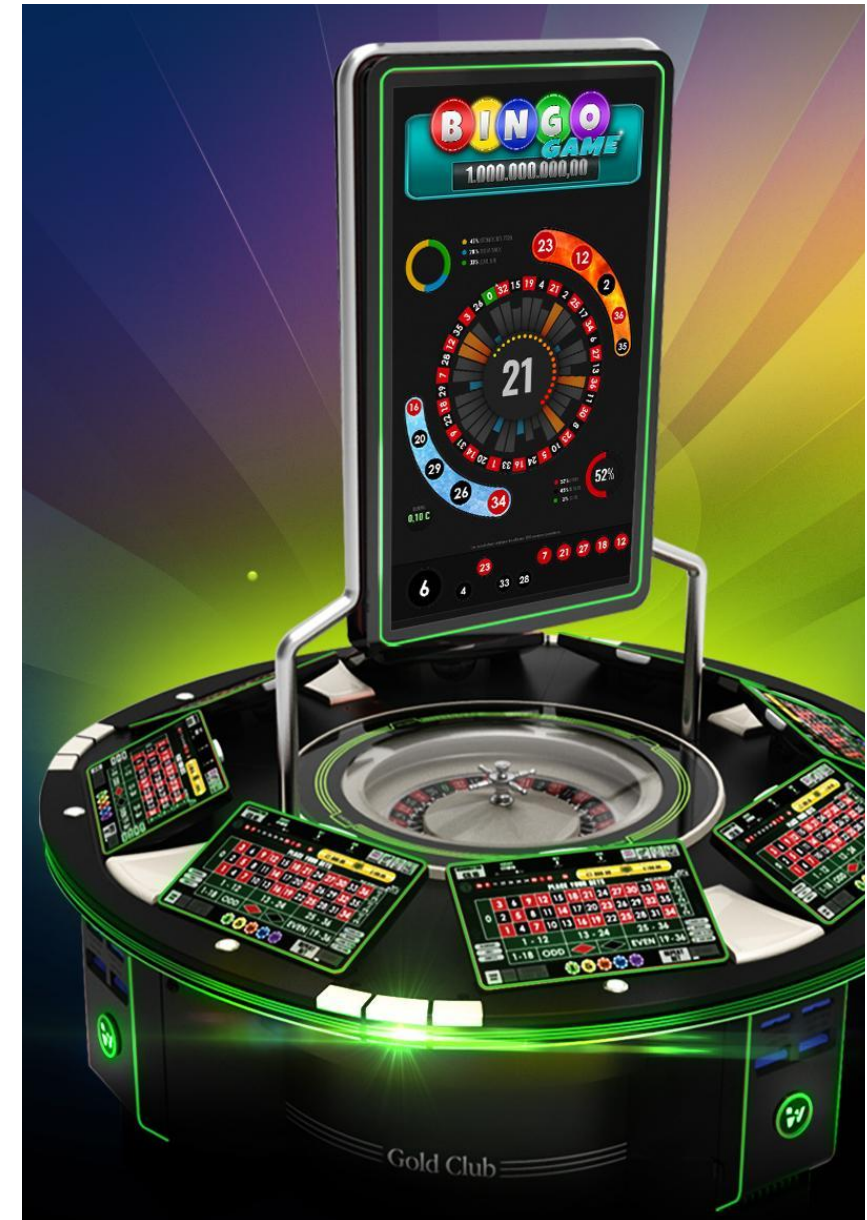

- The bet table features the usual 36 numbers plus zero, but is **laid out as a figure of eight**, which references the **Chinese culture's** mystical relationship with this number.
- Players can also bet on **alternative sets of numbers** based on key elements of the **Chinese tradition**.
- **Huo Long Roulette** system can be adapted to any of the **Gold Club** roulettes. **Dual system** allows players to switch from Traditional to Huo Long roulette.

Gold Club Jackpots

Electronic roulette Jackpots

- **Lucky Number**
Multigame, 2 levels, LAP or WAP
- **Bingo Jackpot**
Single game, 1 level, LAP
- **Dynamic Statistics**
Based on past 104 games, basic statistics, hot and cold numbers

The most **flexible solution** in the market

- **Allegro**, the **independent terminal**, can be connected to any **Gold Club** electronic roulette or to the live wheel.
- Used with **Solo Stand Alone Fully Automated Roulette Wheel** offers variety of combinations how and where to place machines in Casino.
- Up to **255 individual Allegro terminals** can be connected to any **Solo** or **Gold Club** electronic roulette.

Thanks.
