

The airline's concept of positive image shaping is based on the **safe regular and punctual operations** as well as on **improvement of passenger service quality**.

# History of the airline

- **March 5th, 1996** is the birthday of Belavia Belarusian Airlines
- **November 1933** when the inauguration of the Minsk air terminal took place and when the first three PO-2 landed at the airport
- **November 11th, 2009** is the day when a first e-ticket of the company was bought

**BELAVIA**  
Belarusian Airlines

# Aircraft Fleet

Belavia Belarusian Airlines has a modern air fleet of the Western and Russian manufacturers

At the moment the air fleet of Belavia is amounted to:

**Embraer E-175/195**

**Embraer E-195**

**Manufacturer:** Embraer (Brazil)

**Model:** Embraer E-175

**Engine type:** General Electric CF34-8E5

**Configuration:** 12 seats of the business class and 64 seats of the economy class

**The maximum takeoff weight (kg):** 38 790

**Flight range (km):** 3 334

**Cruise speed (km/h):** 890

**The maximum flight altitude (m):** 12 500

## Boeing 737-300/500/800

**Manufacturer:** Boeing (USA)

**Model:** 737-300

**Engine type:** CFM International  
CFM56-3C-1

**Configuration:** 148 seats of the  
economy class

**The maximum takeoff weight (kg):**  
63276

**Flight range (km):** 4400 **Cruise speed**  
(km/h): 910

**The maximum flight altitude (m):**  
10200

## CRJ-100/200

**Manufacturer:** Bombardier  
(Canada)

**Model:** CRJ-200 LR

**Engine type:** General Electric  
CF34-3B1

**Configuration:** 50 seats of the  
economy class

**The maximum takeoff weight**  
(kg): 23995

**Flight range (km):** 3148

**Cruise speed (km/h):** 786

**The maximum flight altitude**  
(m): 12496

## TU- 154 M

Manufacturer: Russia  
Model: TU- 154 M  
Engine type: D-30KU-154  
Configuration: 131-164  
The maximum takeoff weight (kg): 104 000  
Flight range (km): 6000  
Cruise speed (km/h): 950  
The maximum flight altitude (m): 12100

All the aircraft correspond the **requirements of the world standards of technical safety**, noise and can operate the flights to the neighboring and far-abroad countries without any limitations
