Guess
the job

A close-up, low-angle shot of a standard red octagonal stop sign. The sign is mounted on a metal post, with two visible screws at the top and bottom. The word "STOP" is printed in large, white, sans-serif capital letters across the center. The background is a clear, bright blue sky. The sign's surface has a slight texture, and there's a reflection of a light source on the upper left portion.
