

Welcome to
Australia

Flag

Canberra is the capital of Australia

Sydney

The Aborigines

- They are the native inhabitants of Australia.
- They have lived on the land for about 40,000.
- They created the returning boomerang and used it while hunting.
- Many ancient drawing can be found at Ayers Rock.

Crocodile

A lot of interesting animals live in the ocean like Dolphins, Whales and Sharks.

Aborigines are the people native to Australia.

Darwin

Pineapples and bananas grow in Queensland because it is hot.

Wombats, Emus and Koalas are special because they only live in Australia.

The middle of Australia is very hot, dusty and dry.

A lot of food is grown in Australia including grapes.

Miners dig for gold and diamonds in the ground.

It gets very cold in the mountains and in winter it snows.

Every year people race sail boats from Sydney to Hobart.
