

by Nischuk Olesya

Supervisor:

Kulakova Olga Viktorovna

The aim of the study the paper as an educational resource.

- O Explore the history of paper creation and the development of paper plastics
- O Learn the basics of pedagogy and psychology of teaching
- O Analyze existing methods of teaching paper plastics
- O Develop a series of lessons based on the material studied
- To teach skills of work with tools and materials (+ safety)
- O To acquaint students with the basic concepts, basic forms of paper plastics and techniques of paper forming
- O To carry out an individual project with each student

- O Introduction
- O Chapter 1. The history of the paper
- Paper processing techniques
- Paper in contemporary art.
- O Chapter 2. Creating a visual aid
- O Chapter 3. Conducting a cycle of classes in paper plastics
- O Conclusion

To reveal the paper as an amazing material for creativity and at the same time to develop the creative abilities of students.
