

PROS AND CONS OF HOME SCHOOLING CHILDREN

Advantages

According to experts, in fact, basic knowledge can be covered over six years of study. Much depends on the ability, maturity and interest of the child. Home schooling is well suited for gifted children, who in ordinary schools can be difficult or boring.

FREEDOM OF LEARNING

Physical freedom of the child

No negative impact

Disadvantages

The background features a large orange triangle on the right side, pointing towards the top right. On the left side, there are two overlapping triangles: a light blue one on top and a darker blue one below it, both pointing towards the bottom left.

Homeschooled children are deprived of their usual school experiences and activities. They are less likely to be in conditions of a large number of people and loud noise. Because of this, such children can sometimes experience discomfort and discomfort in the crowd and in establishing friendly contacts with other people.

Problems of socialization

Financial constraints

Loss of schoolwork
