THE ORMEUS MINING VAULT (ORV)

Ultimate goal is to make all process of ORME \leftrightarrow BTC (ORV) **fully decentralized at most** or **autonomous at least.**

We can do dapp-centralized hybrid, where clients will still need to trust us, that we will continue to run our servers no matter what:

MASTER NODE PROOF OF STAKE (POS MODEL)

The more stake in Ormeus Coin you hold, and the longer you hold it, the more percentage of interest accrued, paid in coin.

The interest builds and builds until you choose to fill your original position for the first time.
