Отбиваю своей ножкой,  
Четкий ритм я на дорожке.  
С виду может, ростом мал,  
Быть как все, и я б мечтал,  
Но природа так решила,  
Сердцем добрым  
наградила.  
Как скачу я, не догонишь,  
Имя мне – лошадка-.....

The smaller than average miniature horse, Melbourne, Australia - 13 Nov 2006 Sam Leth, 12, Bliss and the unnamed foal Sam's got a pocket-sized new pal - a smaller than average miniature pony. This cute foal is the first foal born at Riverdance Miniature Horses at Balan, near Melbourne. Sam Leth, 12, was delighted to meet the as-yet-unnamed youngster who stands not quite 40cm (15 inches). The tiny latest arrival at the farm surprised breeders when it was foaled. They are usual.

# Весёлая поездка

Пони - это те же кони, только ростом  
с жеребят.

Пони – это те же кони, только кони  
для ребят.

Мы в тележке разместились и  
помчались, покатались,

И помчались, покатались!

Побежали, поскакали по дорожкам  
пони

И копытца заиграли, как на  
ксилофоне.

Спасибо за урок!!!
