Our Advantages

If you are going to use a passage of Lorem Ipsum, you need to be sure there isn't anything embarrassing hidden in the middle of text. All the Lorem Ipsum generators on the Internet tend to repeat predefined chunks as necessary, making this the first true generator on the Internet.

Инфографика (от лат. informatio – осведомление, разъяснение, изложение; и др.-греч. γραφικός – письменный, от γράφω – пишу) – это графический способ подачи информации, данных и знаний.

Инфографика – визуализация данных или идей, целью которой является донесение сложной информации до аудитории быстрым и понятным образом.

Процесс визуализации заключается в преобразование мыслительных содержаний в наглядный образ; будучи воспринятым, он может быть развернут и может служить опорой адекватных мыслительных и практических действий

ВАЖНО!

При создании инфографики, которую планируется применять в учебном процессе, необходимо следить за тем, чтобы инфографика была **точно соотнесена с содержанием учебного материала.**

Применяя разнообразные виды инфографической визуализации, **не стоит увлекаться их чрезмерным разнообразием:** это может привести к рассеиванию внимания

Прежде чем начать создавать инфографику на основе учебной информации, обязательно **смоделируйте образ будущей инфографики.**
