# Flag and emblem

- The president is the head of the state. The President is Donald Trump

- ▶ The national capital is Washington, D.C.

A photograph of the White House in Washington, D.C. The building is a large, white, neoclassical structure with a prominent portico supported by six tall columns. In the foreground, there is a green lawn with a circular flower bed containing red and white flowers. A fountain with a single jet of water is located in the center of the flower bed. The sky is blue with some light clouds. An American flag is visible on a tall pole to the left of the building.

- Its population is about 3,4 million people. It was named after George Washington.

A high-angle photograph of a river winding through a deep canyon. The river is a vibrant blue-green color, curving through the center of the frame. The canyon walls are composed of layered, reddish-brown rock formations, showing signs of erosion. The foreground is dominated by a large, light-colored rock outcrop. The background shows more of the canyon and distant hills under a bright sky.

The nature of America is very diverse. On its territory there are arid deserts, endless expanses of plains, dense forests, mountains, canyons and much more.

- Rivers: Mississippi, Missouri, Rio Grande and others.
- Seas: Beaufort, Bering, Chukchi, Salish.
