Ukraine is one of the largest countries of Eastern Europe. It occupies an area of 603 700 km². It has state borders with Russia, Belarus and Moldova. It also borders on Poland, Slovakia, Hungary and Romania.

In the south it is washed by the Black and the Azov Seas. The major rivers are the Dnieper, the Dniester, the Donets and others. The Ukrainian climate has considerable fluctuation in weather conditions from year to year. Alongside very wet years there can be droughts, and alongside cold years there are warm years.

The major part of Ukraine is flat and only 5% of it is mountainous. The two mountainous areas in Ukraine are the Carpathians and the Crimean Mountains. The geographical position of Ukraine is very favourable because the country lies on the crossroads of the ways from Asia to Europe.

The population of Ukraine is about 50 million people. The biggest cities are Kyiv, Kharkiv, Zaporizhia, Dnipropetrovsk, Odessa, Lviv, Mykolaiv and others. Ukraine has an ancient history. It has its own original culture and arts.

Thank you for attention

Glory to Ukraine!!!
