MOSCOW ZOO

Tigers, monkeys, snakes and fish in the very centre of the Russian capital

These creatures all live in the Moscow Zoo, one of the largest in the world! Moscow Zoo covers an area of 20 hectares which is home to over 7000 different species. The zoo has also got many exotic animals and birds. Getting around the zoo is easy but get a map to make sure you see everything.

First, visit the Animal Island. There you can see the Amur tigers, the white snow leopard, the Himalaya bears, the Asian lions and even an Australian emu, which is almost two

The Aquarium is on the second floor of 'Animal Island' and it is full of colourful fish in large aquariums.

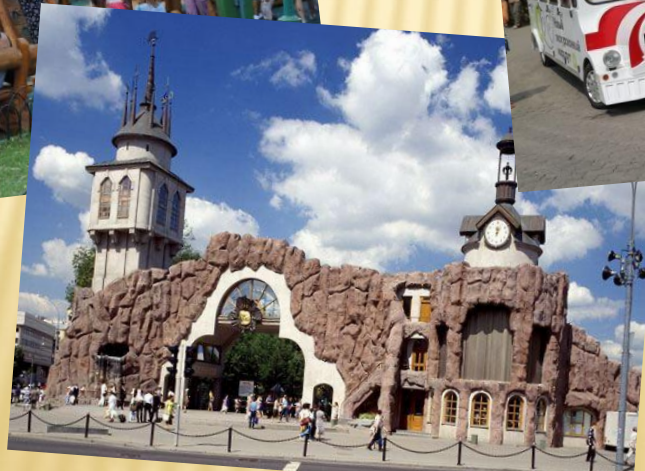

Don't miss the Night World exhibition too. This is a great chance for you to see the night animals since they sleep during the day!

For all young visitors, the Children's Zoo is a must! Children can see the heroes of their favourite fairy tales: the three piglets, the wolf and seven young goats and many other animals well known to all

Kids of all ages can also visit playgrounds and buy gifts from the souvenir shops. There are also cafes and picnic areas. All of these things make visiting the zoo a perfect day out!
