

Why do you choose Malta to study english?

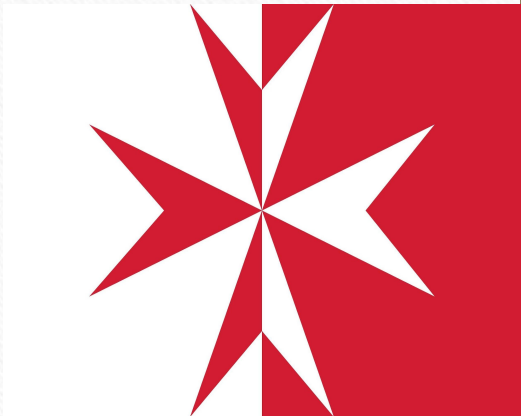

By DanieLLa Kozhemyako

- The island is small, but you would be surprised just how rich it can be in so many ways. With sixty or so language schools within an area of just 316 km², you you have the choice when it comes to choosing an English language school. Why are there so many? English learning tourism is big in Malta; people from all over the world come to study English in Malta, all the year round. The teaching standards of English language schools in Malta are high

When you are learning English, you go to school to study English grammar, reading, writing, and how to speak English.

- We all know the immense value of practice. When you study English in Malta you have opportunities to practise your new language skills because English is a national language and almost everybody speaks it. Some elders in more rural areas speak only Maltese, however most of the people, and especially those who work in the tourism industry, have a good command of English. Who needs extra conversation classes when you can chat to the locals?

Learn English

Malta and Gozo have 7,000 years of history to discover. From Neolithic Temples to Medieval cities to WWII, Malta's story is rich and varied. Even if history has never fascinated you, the history of Malta is so unique and fantastic that you may just find yourself immersed in a wonderful exploration of the history of mankind in the Mediterranean region. In addition, you can listen to excursions in English
