The image shows a screenshot of the PascalABC.NET IDE. The main window displays the source code for a program named 'Program1.pas'. The code is as follows:

```
Program surat1;  
Uses GraphAbc;  
Begin  
SetPenWidth (10);  
SetPenColor (clRed);  
Line (100,100,270,90);

```

Below the code editor, there is an output window titled 'Окно вывода' (Output Window) which is currently empty. At the bottom of the IDE, a status bar indicates 'Компиляция прошла успешно (7 строк)' (Compilation successful (7 lines)).

A red horizontal line is drawn on the right side of the IDE window. A red callout bubble points to this line with the following text in Azerbaijani:
