MUSIC

There are so many kinds of music in our life. For example, rap and pop music, rock and alternative music and disco music, drum & bass and techno music, and, of course, classic music. Different people like different music.

NIRVANA

As for me, my favorite group is "Nirvana".

I think, they songs are energetic, relaxing for me, lively, fantastic and very beautiful.

I can listen they songs over and over.

This group was formed in 1987. They released 5 albums. I like all their songs without distinction. My favorite song is «Smells Like Teen Spirit». There are 3 men in this group: Kurt Cobain, bassist Krist Novoselic and Drummer Dave Grohl

I always adored people who compose music and write poems. I think that such people are very talented. Also I believe that they can draw pictures and show their feelings by their music or poems. They can make you cry or laugh. Moreover they make you think about global problems or you may lie soft and just dream while you are listening to the music.

I guess that we can't live without music. As for me, I always listen to the music, when I'm happy or when I'm unhappy. It helps me in my everyday life. I listen to the music everywhere: at home, in the bus, in the street.

Music is everywhere! It's on television, over radio, in all movies! Can you imagine any movie without music?! Of course not. What if you watch television without sound, what if you see ballet without music, what if you hear voices without melody at the opera? Our life will be boring without music.

MUSIC IS EVERYWHERE!
