My acquaintance with the "Zenit-Kazan" occurred in 2012. After watching the final volleyball London Olympics, I wanted to see the game live these great people. I was very fortunate that at that time played a team of 5 players for Zenit. From that moment I started my love for volleyball.

On that day, Zenit won Lokomotiv Novosibirsk and received the Russian Super Cup. And I got idol - volleyball team Zenit-Kazan, whom I admire for 4 years.

Thank you for
