You don't need to keep this slide in your presentation. It's only here to serve you as a design guide if you need to create new slides or download the fonts to edit the presentation in PowerPoint®

**SlidesCarnival icons are editable shapes**.

This means that you can:

*Resize them without losing quality, change fill color and opacity and change line color, width and style.*

Isn't that nice? :)

**Now you can use any emoji as an icon!**
And of course it resizes without losing quality and you can change the color.
