

# Экскурсия по лицую.

Сделал: Дмитрий Быковский и  
Константин Шиндин.  
Ученики 14-ого Лицея.

Welcome to our school dear friends. We are glad to see you and shake your hands.

You can take off your coats and leave them here in our cloakroom. And now , please , this way here.

We collect scrap metal.

We work in our workshops.

We make useful things.

We work in our school garden.

We do physical exercises.

We help juniors with their homework.

We rehearse a puppet show.

We discuss the timetable.

We put a concert for  
guests.

We play in the playground.

We hold meetings and parties.

Our school isn't ordinary. It is a lyceum. We study both traditional and specialized subjects: Math, history of Britain, English literature, English writing and economics.

The school building has got four floors. Lets go to see the ground floor. On the ground floor there is a library, a cloakroom a canteen and classrooms.

Now I suggest going on the first floor. On the first floor there are three deputies rooms, two gyms and classrooms

Why not see the second floor.  
On the second floor there is  
an assembly hall , laboratories  
and classrooms.

On the third floor there is a headmaster`s office and a secretaries room.

Thanks for coming to our school. Have a cup of coffee in our canteen.
