# What kind of goods should be bought before autumn price increment. Expert's advices.

- Financial expert Vitali Kalugin prognosed price rising in some goods categories: “This autumn goods with no localization will get increased in prices. It could be appliances, automobiles, everything that gets imported”.

# Reasons and groups of risk

- Such situation is provided by pandemic and lockdown.
- Unfortunately price rising will reduce total consumers amount in long term. The riskiest businesses are auto dealers and electronics resellers.

# Vocabulary

- Crop - урожай
- Appliances - бытовая техника
- Long term – долгосрочный период
