

How to Catch a Leprechaun

I will write an
imaginative narrative,
include details of what
happened, and use
transition words.

How to Catch a Leprechaun: Book

What kind of trap would
you make?

Draw a picture of it

I want to catch a leprechaun this St. Patrick's Day, because I think a leprechaun will be fun to play with and get a pot of gold. A leprechaun could teach me new games. He can even show me some tricks.

I will try to catch a leprechaun by setting a trap. I used a cup, a rope, a pencil, and candy for my trap. First, I tied a rope to the stick. Then I balanced the cup on top of the stick and put a piece of candy under the cup. When I see the leprechaun coming, I am going to pull the rope so the cup will land on him.

I will wait all night and fall asleep with the rope in my hand. When I wake up, I hope I catch the leprechaun. But, I know they are quick and sly. If I don't catch him this year, I can always try again next year!

Write a story about how you would catch a leprechaun!

Paragraph 1: Tell why you want to catch a leprechaun. (at least 3 sentences)

Paragraph 2: What materials will you need for your trap? how does it work? Be very detailed. (at least 4 sentences)

Paragraph 3: Did you catch the leprechaun or did he escape? (at least 3 sentences)

How to draw a leprechaun

I will also share with you so you can watch at your own pace.
