A woman and a young child are seen from behind, standing in a grassy field under a blue sky with scattered white clouds. The woman, on the right, is wearing a yellow and black patterned dress and has her arms outstretched. The child, on the left, is wearing a light-colored dress and also has their arms outstretched. They appear to be looking towards the horizon.

Juliet

- Since my childhood, I've been dreaming about opening a family restaurant. My mother, Juliet, always wanted to set up her own business, which will involve cooking. She inspires me to do it, so the restaurant will be named after her. I want her dream to come true and I will do my best to overcome all problems on the way to it, as it will be my gift and sign of my gratitude to her. I will fulfill our common dream no matter what the cost is

Location

- My restaurant will be located in Sochi. This city is famous for its highly developed tourism, so foreigners with children will be able to eat in a cozy place with the family atmosphere. All waiters are sure to speak English because of it. and there won't be any problems with miscommunication. Moreover, guests can enjoy the beautiful view, as the restaurant is to be opposite the sea

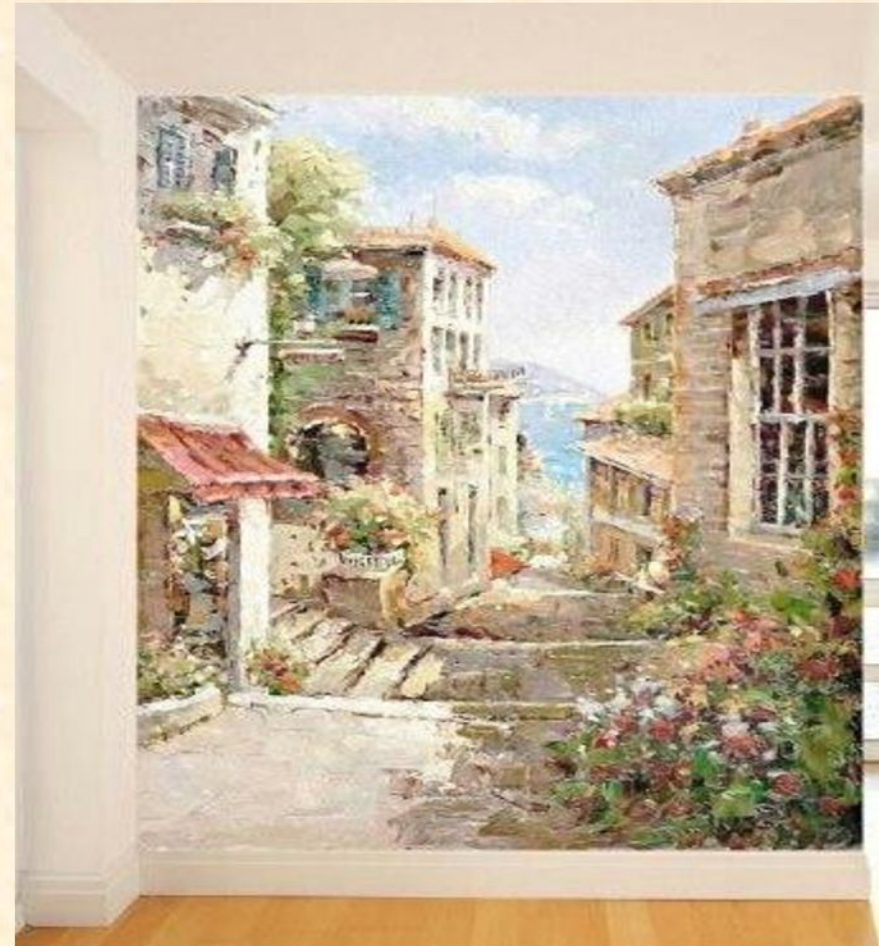

Atmosphere & interior

- The interior is dominated by beige and blue tones that represent sand and sea of Sochi. In my restaurant there won't be any chairs - only blue recliners, as children will not be able to fall out of them. Besides, tablecloths and walls are going to be beige and we will be able to see paintings on the walls, masterpieces of my close friend. It will create a pleasant and relaxing atmosphere of the restaurant

Service

- As the Manager of the restaurant I will be in charge of greeting guests. Further, clients will fall under the care of waiters who will lead them to their tables. Waiters are going to undergo a special training which will teach them how to communicate with clients before appearing in front of them. My restaurant is sure to have complaints book and suggestion box that will help me and my employees to establish relationships with customers and bring to the restaurant something new and necessary

A vibrant assortment of fresh vegetables is displayed on a rustic wooden surface. In the foreground, there are several bright red radishes with green leafy tops, a bunch of orange carrots, and a piece of ginger. To the right, there are yellow and red tomatoes, a corn cob with yellow kernels, and a head of green lettuce. The background is slightly blurred, showing more greenery and vegetables, creating a sense of freshness and abundance.

Dishes variety

- My restaurant's menu will be changed every day. It will offer Asian, European, and local cuisines;
- All dishes will be made of natural products grown by the farmers;
- If you order something off the menu, the cook will do everything that is possible to fulfill your desire.

Celebrations

- For each holiday, a party is arranged, where a client will be offered a festive costume. Even waiters are dressed up on holidays;
- Unique dishes are made for such kind of events. They create special and incomparable atmosphere;
- Competitions are held in which you can win different interesting prizes.
