

Деревянные узоры

The background of the image is a complex, repeating wood carving pattern. It features stylized, symmetrical floral motifs with multiple petals and central buds, interspersed with clusters of pointed, leaf-like shapes. The carving is executed in a deep, warm brown color, with the raised surfaces catching the light and the recessed areas creating deep shadows, which emphasizes the three-dimensional quality of the design. The overall effect is one of intricate craftsmanship and traditional decorative art.
