

About myself.

Hello! My name is Rustem Mirzin. I was born in the village of Kukmor. When I was 3 years old, my dad drove my Mom and me to live in Kazan.

My Family.

This is my little brother. He's 14 years old. He is studying in the 8th grade. My parents work in the auto market. I often help them.

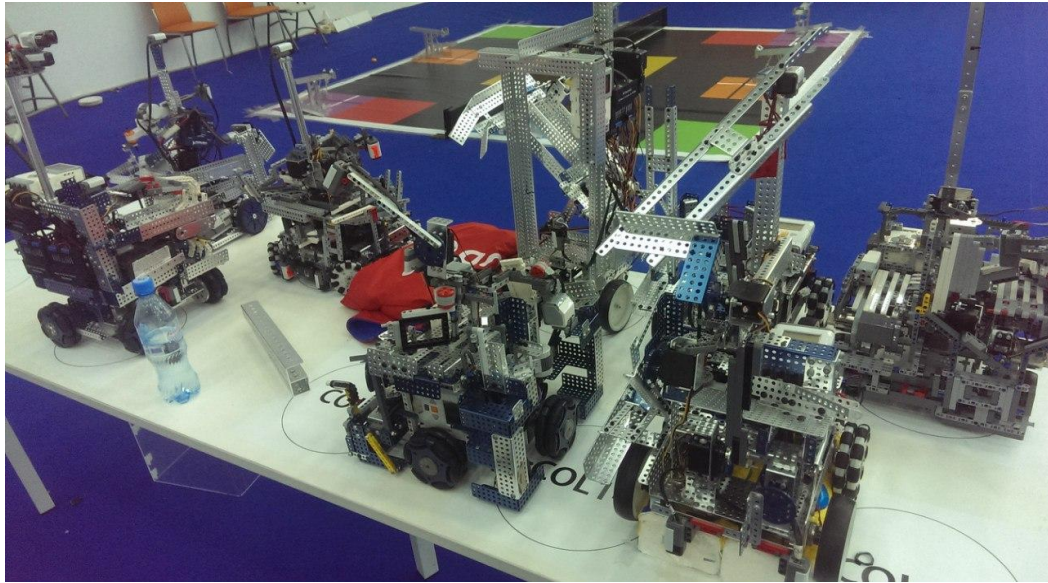

SCHOOL №91

I graduated from 91 school. I liked very much and miss her. With large tears I had left.

2 year doing robotics Olympiad.
Last year I Went to the World
Robotic Olimpiad in Sochi.

▶ This year, unfortunately, I could not pass on
the international stage. But I visited the
all-Russian competitions in Innopolis.

My Hobby.

My coach Burdinov Konstantin Alekseevich is a aspirant in KAI. It was he who gave me the idea to go there too. I listened to him and joined the Kazan National Research Technical University named after A.N.Tupolev

My University.

On the first day, we made friends with the guys. Passed a lot of tests together and become one family. Now I dream to learn to KAI and become a master of his profession.

The end.
Thanks for watching.
