 - negative
- Terrorism
- Conclusion

History of religion

- 5000 years ago first written religion
- 19 major religions
- Tool for war, control and stability in country

Political role of religion

Religion helps to

- keep political and social stability
- motivate people to be honest and less crime
- Strengthen the relationship between countries

Social role

Rise of children academic performance

According to Pat Fagan work "Religious Practice and Educational Attainment"

Religious students:

- spend more time for homework
- have better test results
- less likely to drop out of school (Flynn 2010)

Ways, in which religion helps the study:

- It helps to avoid social deviant behavior
- Religious families tend to be more stable and cohesive
- Church gives for students resources, community and mentorship (Flynn 2010)

Economical advantage

Positive effect on the economic development

- **Research by Robert Barro and Rachel McCleary (2003):**

Beliefs in hell and heaven

Affect the personal characteristics
(honest, thrift, open to strangers,
work ethic)

Enhance the economy

The effect of belief in Hell and Heaven on the economic growth
