

GLOBAL WARMING

By Kate Nuyanzina

Global warming and the greenhouse effect

We are contributing to the GLOBAL WARMING

- **Burning of Fossil Fuels**

- **Farming**

- **Deforestation**

- **Increase of population**

Why is it so dangerous?

- heat-waves

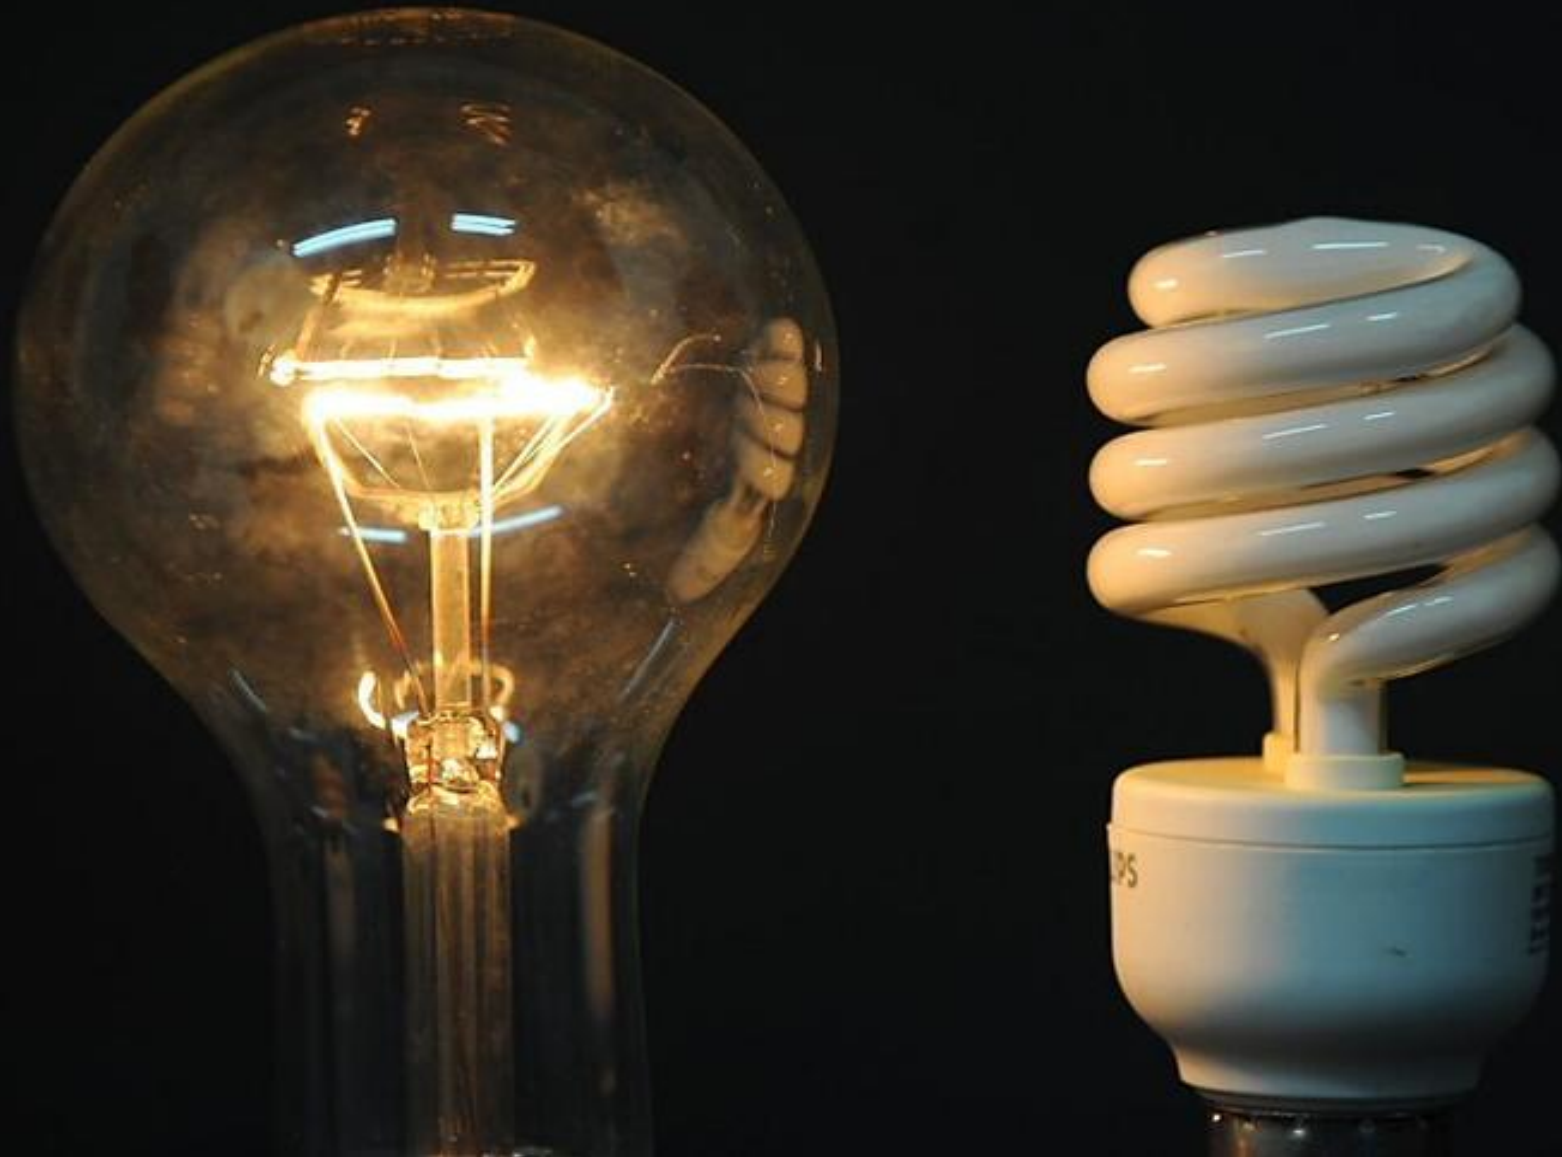

- melting glaciers

- floods

Here are some simple ways to stop or prevent global warming

Replace Regular Incandescent Light bulb

Reduce

Reuse

Recycle

Go Solar

Energy
SAVING

**Save
energy**

Plant a tree

Ride Your Bike

Become a part of the Global Warming Community

STOP GLOBAL WARMING
SAVE EARTH
