The White House

The White House is the official residence of the US President. It is located in Washington. The White House was built in 1800. Here is the famous Oval Office, where the US president works.

Hollywood

Hollywood is an area in Los Angeles. It is known as the home of the US film industry. There are many film studios here, and many celebrities live in the area.

The Statue of Liberty

The Statue of Liberty is located on the Island of Liberty in New York. In 1886, Americans received it as a gift from the French. The height of the Statue of Liberty is 93 meters.

Niagara Falls

Niagara Falls is located on the border between Canada and the United States. Its height is 53 meters, and the width is 792. Every year thousands of people visit this picturesque place.

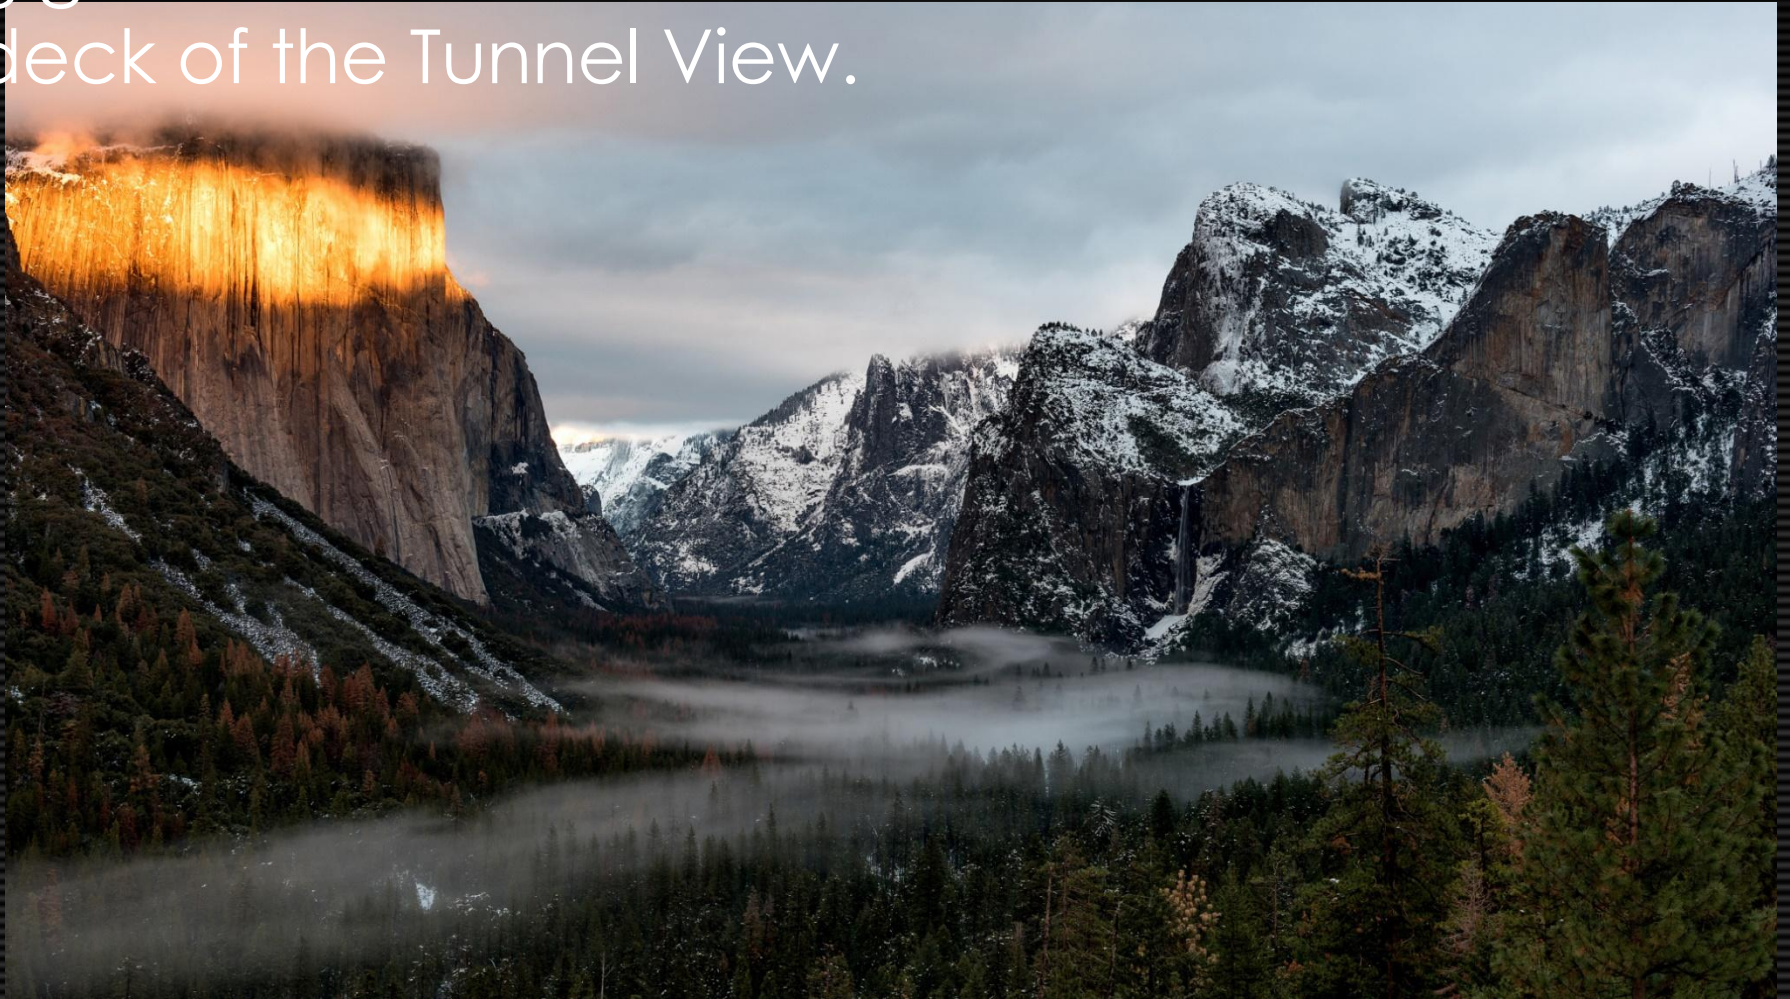

Times Square

Times Square is a square in the center of Manhattan, which is one of the most visited attractions in the world. It has many Broadway theaters.

Yosemite National Park

Yosemite National Park is located in the Sierra Nevada Mountains of California. It is known for its gigantic ancient redwoods and the observation deck of the Tunnel View.

The Golden Gate Bridge

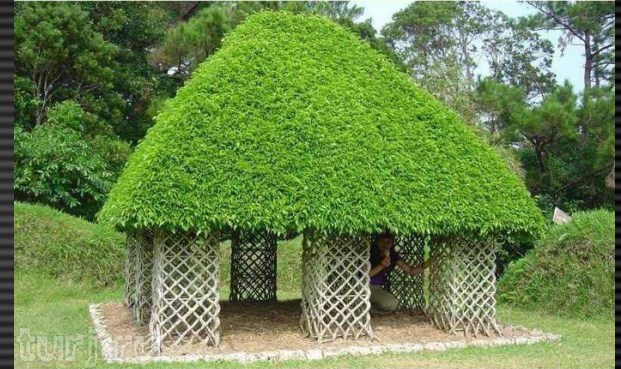

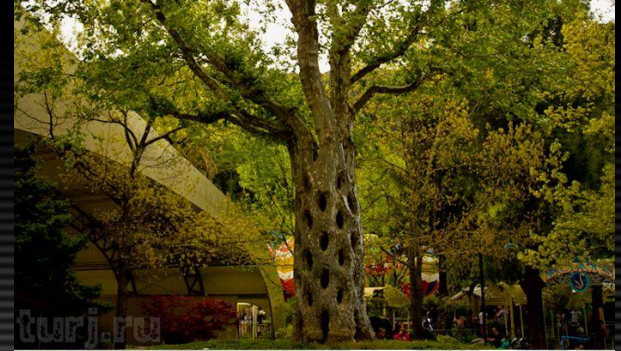

The Golden Gate Bridge is a world famous bridge across the Golden Gate. It was built in 1937 and connects San Francisco and Marin County.

The Circus of Trees

Axel Anderson's Circus Trees is a collection of vibrant sculptures located in California. Unusual forms of trees are the result of the hard work of the founder of the park.

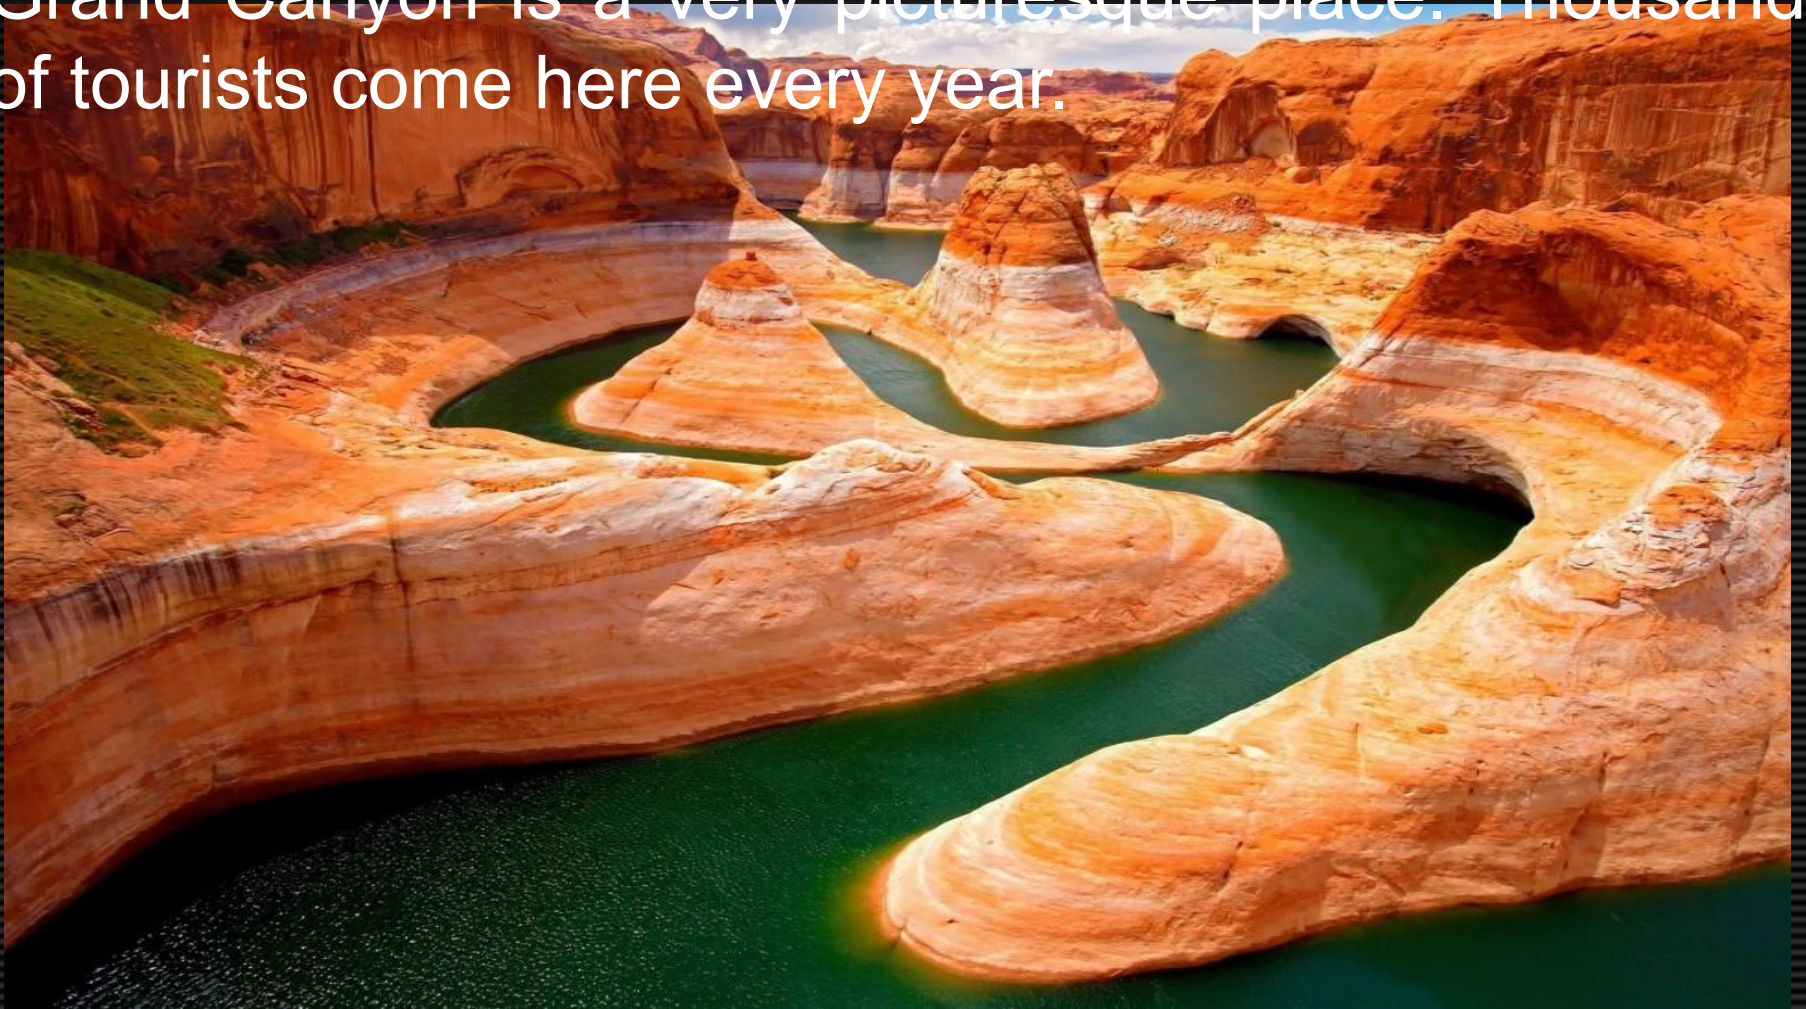

Glass beach

The Glass Beach is a beach in the Mackerricher National Park near the city of Fort Bragg in California, which got its name from the fact that it is covered with a lot of glass stones.

The Grand Canyon

The Grand Canyon is one of the deepest canyons in the world, located in Arizona. Its depth is 1800 meters. Grand Canyon is a very picturesque place. Thousands of tourists come here every year.

Alcatraz

Alcatraz is a prison for dangerous criminals, now turned into a museum. The legendary image of Alcatraz, reproduced in many films annually attracts millions of visitors.

The Empire State Building

The Empire State Building is a 103-story skyscraper in New York. This building has long been the tallest building in the world. This is one of the symbols of American culture.

Stone waves

Sand that has been polished for thousands of years by wind and rain. Now it looks like frozen waves. This place is not easily accessible to tourists.
