Introduction

What is management? What do managers do? How do I manage? These are standard questions that most of us in the management profession have been asked more than once.

Management

- ▶ Management is both art and science.

Manager

Professionalism is measured by demand

Make Them More Effective

- ▶ Four workers can make 6 units in an eight-hour shift without a manager. If I hire you to manage them and they still make 6 units a day, what is the benefit to my business of having hired you?

Plan

- ▶ Management starts with planning

Organize

- ▶ Is everything ready ahead of your group so the right stuff will get to your group at the right time?

Direct

- ▶ Tell people what they need to do

DIRECT

Monitor

- ▶ Make sure everything is going according to the plan.

Conclusion

- ▶ Good Manager Must know Management
