

Orange Social Venture Prize Jordan

3rd Edition (Local)
8th Edition (international)
2019

What is the Orange Social Venture Prize?

Since 2011, an Orange prize that rewards start-ups promoting social development through the innovative use of ICT.

Since 2017 we started the Jordanian version of the prize.

1. Context of the Prize

Orange wants to be the digital partner of startups in Africa and the Middle-East.

The Prize is at the crossroads of Orange's CSR policy and its innovation strategy.

By promoting social ventures, Orange aims at raising awareness about the role that Information and Communication Technologies can play in development

Orange launches the Social Venture Prize

The project aims at promoting social innovation for development, thanks to information and communication technologies

2. Prize's principle

encourage the use of technologies for social and economic development

Reward 3 projects or enterprises addressing needs of the « bottom of pyramid » market in countries through technology

The digital projects range from e-health and mobile banking to digital and mobile applications for education or agriculture...

The project should represent huge potential for social development

Jordan Prize in 2018

The 3 winners will receive a financial grant (3k, 2k and 1k JOD)

But unfortunately none from Jordan participated the international version to win any of the top prizes 25k, 15k and 10k euro
