

Teen activities

I can see a group of people in this picture.

I think they're at their friend's house.

As you can see the people in front of the picture are playing video games because we can see joysticks in their hands. The people in the background are having a good time and watching the game. I'm sure they're having a nice time.

I like this picture because I'm also crazy about playing video games.

I can see...(who? what?)

I think...(where?)

As you can see...(what's happening?)

***I (don't) like this picture
because...(why?)***

I can see...(who? what?)

I think...(where?)

- going shopping

*I'm into hanging out with my friends and I really **love** doing extreme sports. I'm also **interested in** watching movies with my friends or catching a film at the cinema. Like me, most of my friends **are crazy about** action films, horror films and science-fiction films. At the weekend, I'm **fond of** going shopping or window shopping in the city centre. My favourite shop is Mayak. You can always find great bargains there.*
