

# Привет!

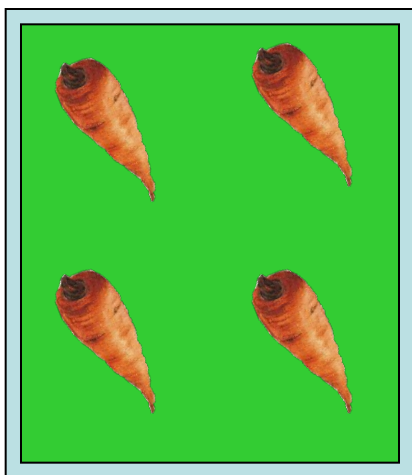

Я умею считать!

А ты?

Покажи, как ты умеешь считать!

**Сосчитай, сколько предметов на выделенной карточке,**

**4**

**А затем найди карточку  
с таким же количеством предметов  
и нажми на нее мышкой**

А сейчас посчитай и догадайся сам, где одинаковое количество предметов

**О том как козленок  
научился считать  
до десяти,  
можно посмотреть  
мультфильм.**

**А тебе, как помогает счет?  
Когда и где ты считаешь?**

# *математическую игру - считалочку*

**Придумала и сделала преподаватель  
методики математического развития  
Тюменского педагогического колледжа №1**

**Осьмакова Марина Васильевна**

**В игру включены фразы и фотографии из  
мультфильма  
«Козленок, который считал до десяти»  
«Союзмультфильм» 1968г.**
