Entrance Hall

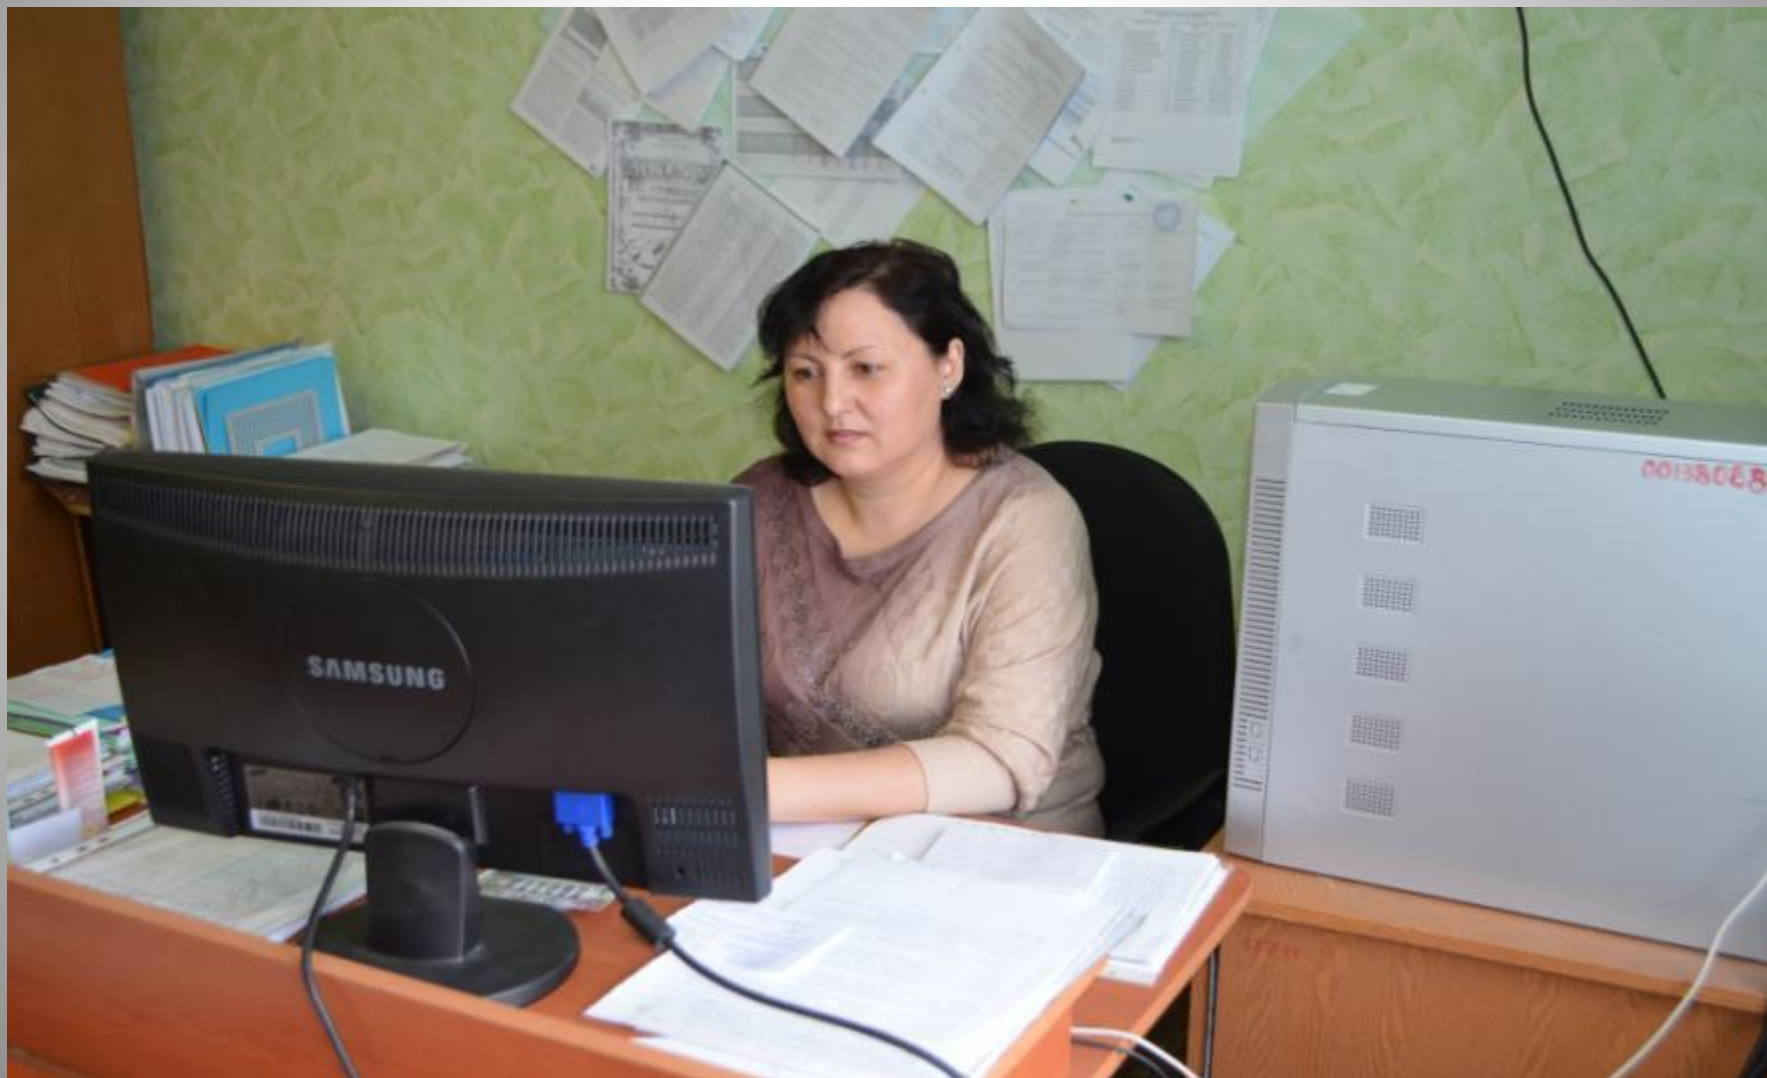

This is our headmaster Akhmetov M.M

A headmistress Samikova G.A.

An extracurricular activities headmistress Sharafeeva G.M.

This is the ground floor

The school starts with a cloak room

On the ground floor and the first floor the primary school is situated. The gym is situated on the first floor too. We have physical training lessons here. We do exercises, play basketball, volleyball and other games. The teachers' room is also on the first floor. There are tables and chairs for the teachers, a TV set and a telephone there. It is comfortable and a comfortable room and teachers like to spend their free time in it. There are the Headmaster's office and the staff room as well there.

Our school is a 2 storied building made of red brick. On the ground floor one can find a cloakroom, English rooms, a History room, a medical room, a canteen and a workout room for girls. Our school has many classrooms. We have three English classrooms, two History classrooms, Geography, Physics, Russian classrooms and others. They are big and light and each of them has three or four large windows, flowers, the blackboard, desks, chairs and beautiful pictures.

A canteen. We have meals during the breaks here.

This is a medical room.

On the second floor one can see a library...

You can take out books and CDs in the library which is situated on the second floor. There are a lot of interesting books in it. We like to read its books but the library has no reading room. We have a unique museum of our school's events to the left of the library. There are a lot of old things which help us to learn more about our past life and ancestors. Opposite the museum there is a nice big assembly hall. A lot of meetings, concerts, festivals are held there. Biology and physics rooms are to the right of the museum, while literature and Russian language rooms as well as IT laboratories are on the second floor.

This is a museum. There are a lot of old things there which help us to learn more about our past life.

Special attention is paid to the humanities. New subjects are introduced such as History of Tatar people and traditions, Etiquette, Russian traditions, Introduction to philosophy and others. In addition to the PE lessons dancing is introduced. New programs and new approaches to teaching are being developed.

There are many forms of such activities such as participating in sports, clubs, editing school newspapers, visiting theatres, exhibitions, going on excursions, staging performances, arranging meetings and conferences and so on. Some of them are carried out in our school. We have History, Biology and Ecology clubs which are attended by many pupils.
