Играть ещё раз!

Презентация в виде популярной телевикторины со звуковыми эффектами на основные события. Игроков ждут 15 вопросов, и они получают шанс прийти до суммы в 3 миллиона виртуальных рублей с помощью знаний о странах изучаемого языка. Правила игры практически ничем не отличаются от правил известного телешоу «Кто хочет стать миллионером?». Игрокам задается вопрос и выдается 4 варианта ответа, один из которых является верным. Отвечая на заданный вопрос, игроки «зарабатывают» определенную сумму денег, которая возрастает от вопроса к вопросу. Если ученики сомневаются при ответе на вопрос, то они могут в любой момент воспользоваться одной из трех подсказок: 1) 50 X 50: с экрана убираются 2 неверных ответа. 2) Помощь зала: помощь оказывают учащиеся класса; 3) Звонок другу: игроки «звонят» кому-либо из одноклассников из числа присутствующих в зале.

В данной игре на первом месте стоит не удача, а хорошие знания по географии, по истории, культуре англоязычных стран.
