

>Welcome
to Belarus

□ **Belarus, a small and attractive country, stands alone among all the treasures of old Europe.**

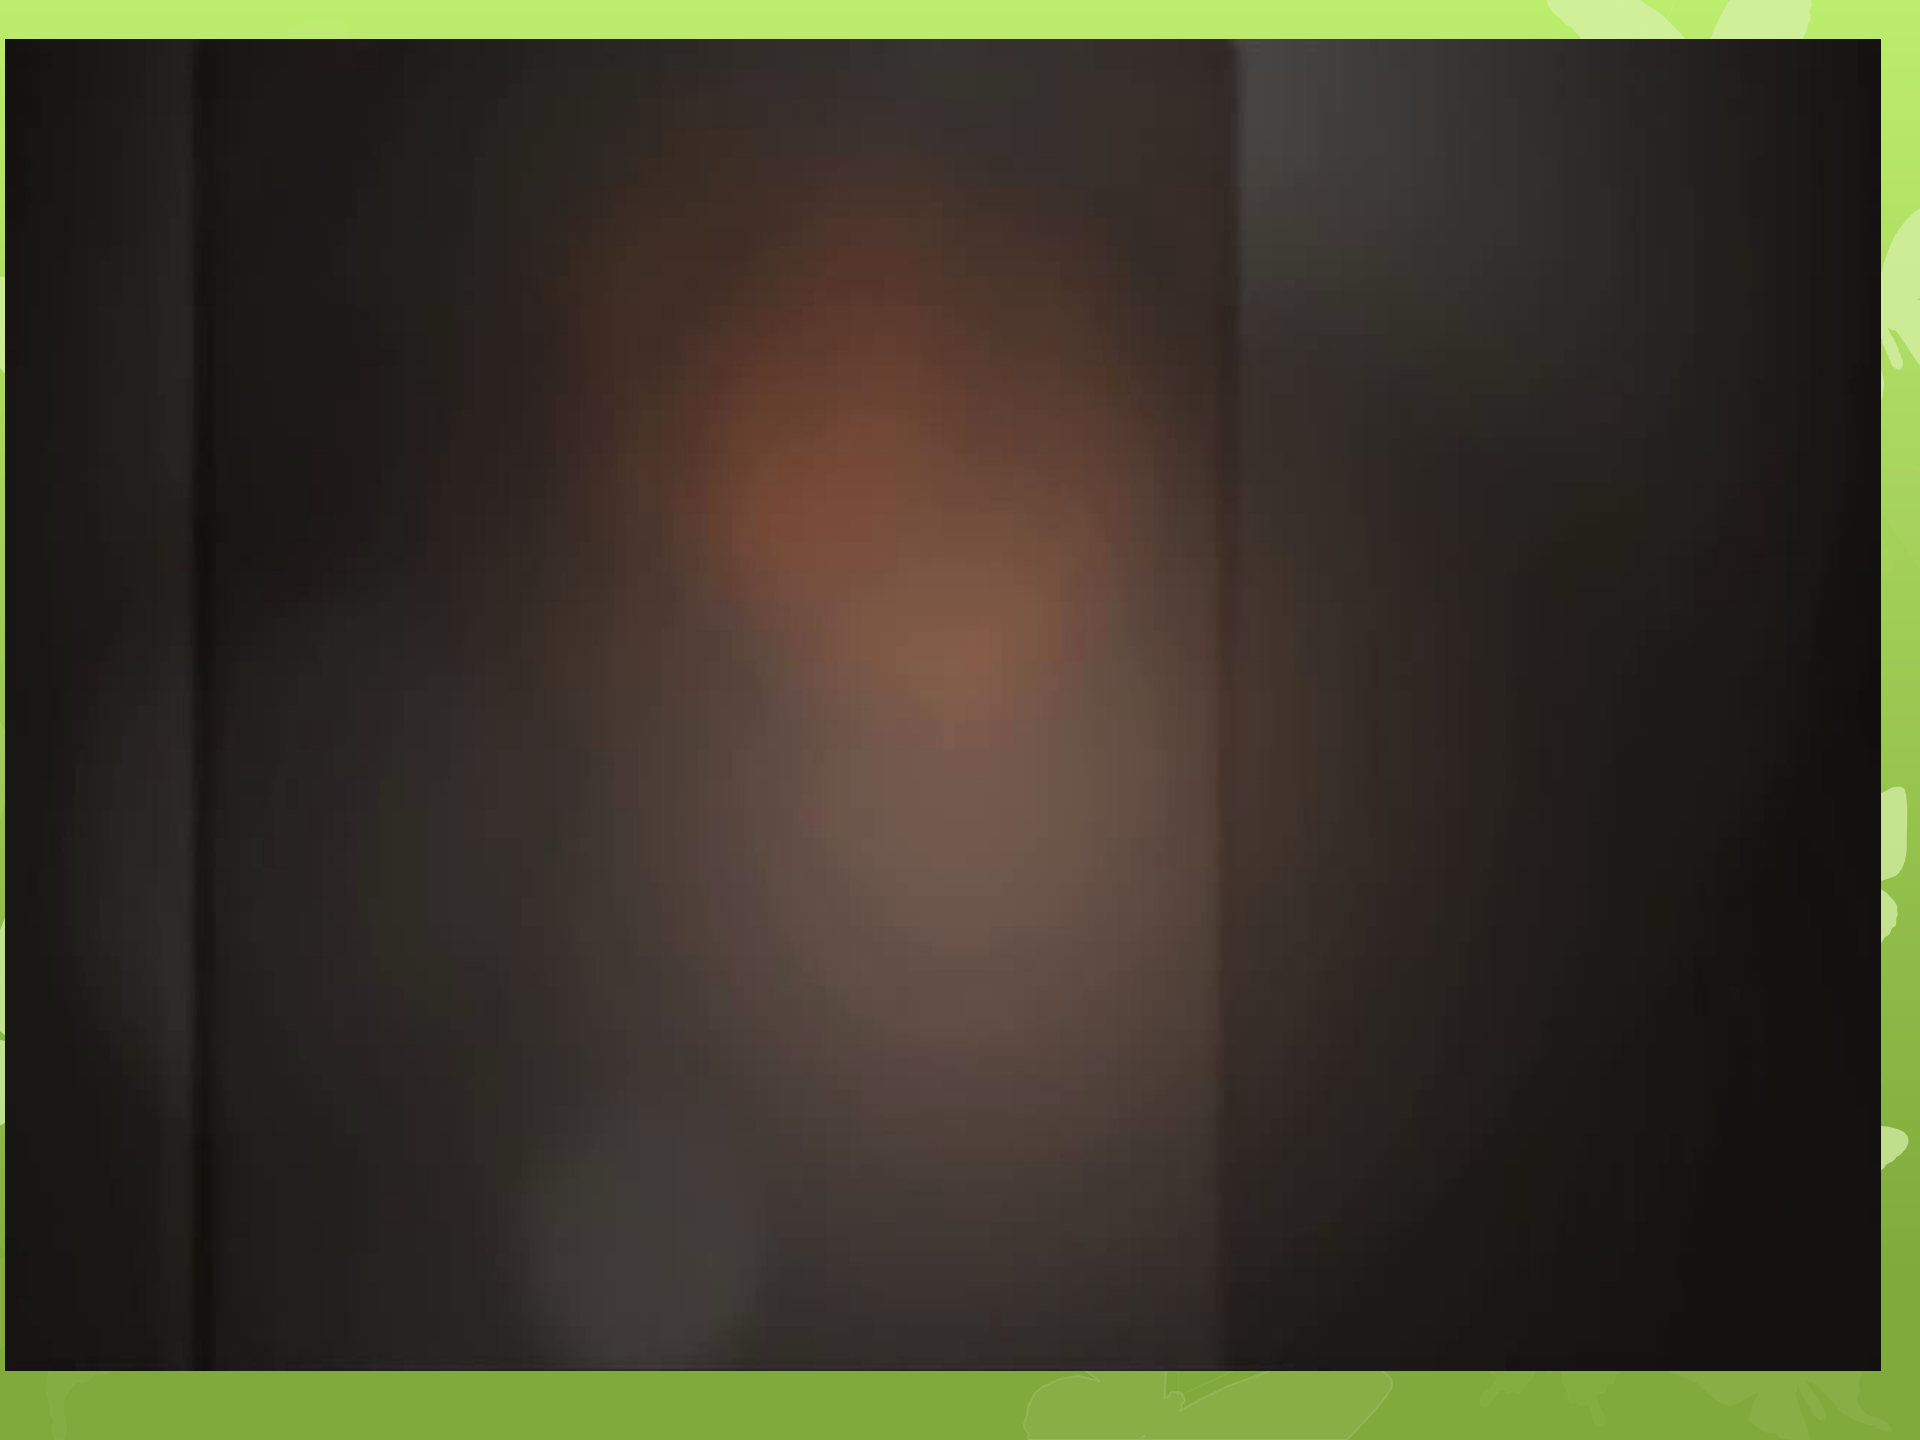

□ Belarus has rich history and traditions. Unfortunately, dozens of wars and disasters damaged a lot of treasures of Belarus, but nevertheless, the people of the country are trying to restore the precious historical heritage.

Medieval castles of Belarus are a real jewelry of European past. Mir, Nesvizh, Grodno, and Lida castle complexes offer a great opportunity to feel the atmosphere of the times of brave knights and their fair ladies. You can walk through peaceful parks and even meet a ghost in creepy halls of ancient towers!

The country has a developed network of village attractions – tiny homestead hotels for tourists to meet the real country life and enjoy simple pleasures of life away from busy cities.

- The real treasure of Belarus is its wonderful nature. The country has hundreds of wild forests, mores and meadows. Belovezhskaya Pushcha is the only place where you can meet mighty European bison in the wild. Pushcha is a natural reserve but some parts of it are opened for tourists to visit and you can spend a day or even a week in beautiful nature.

- Belarus is also famous for its clean lakes and rivers. The country is also called a blue-eyed one. The resorts of lakes Naroch and Braslav are opened all year.

The background is a solid light green color, decorated with a repeating pattern of white butterfly silhouettes. The butterflies are scattered across the page, some appearing larger and more prominent than others, creating a delicate and elegant texture.
