# Cherry eternity

(Cherry wild ale)

**OG-18%; ABV-8.4%;IBU-8**

**Sour aged for 2 years in oak barrels, strong red ale fermented with bretanomycetes and a Belgian yeast strain with double ovishneniem in the production process. The first batch of cherries was added at the stage of primary fermentation, still in the CCT, and the second batch 3 months before bottling directly into the barrels.**

**Can 0,33 – Box 20 can – 80 € (4 €/can)**

**Quantity 1 box**

**Shelf life:**

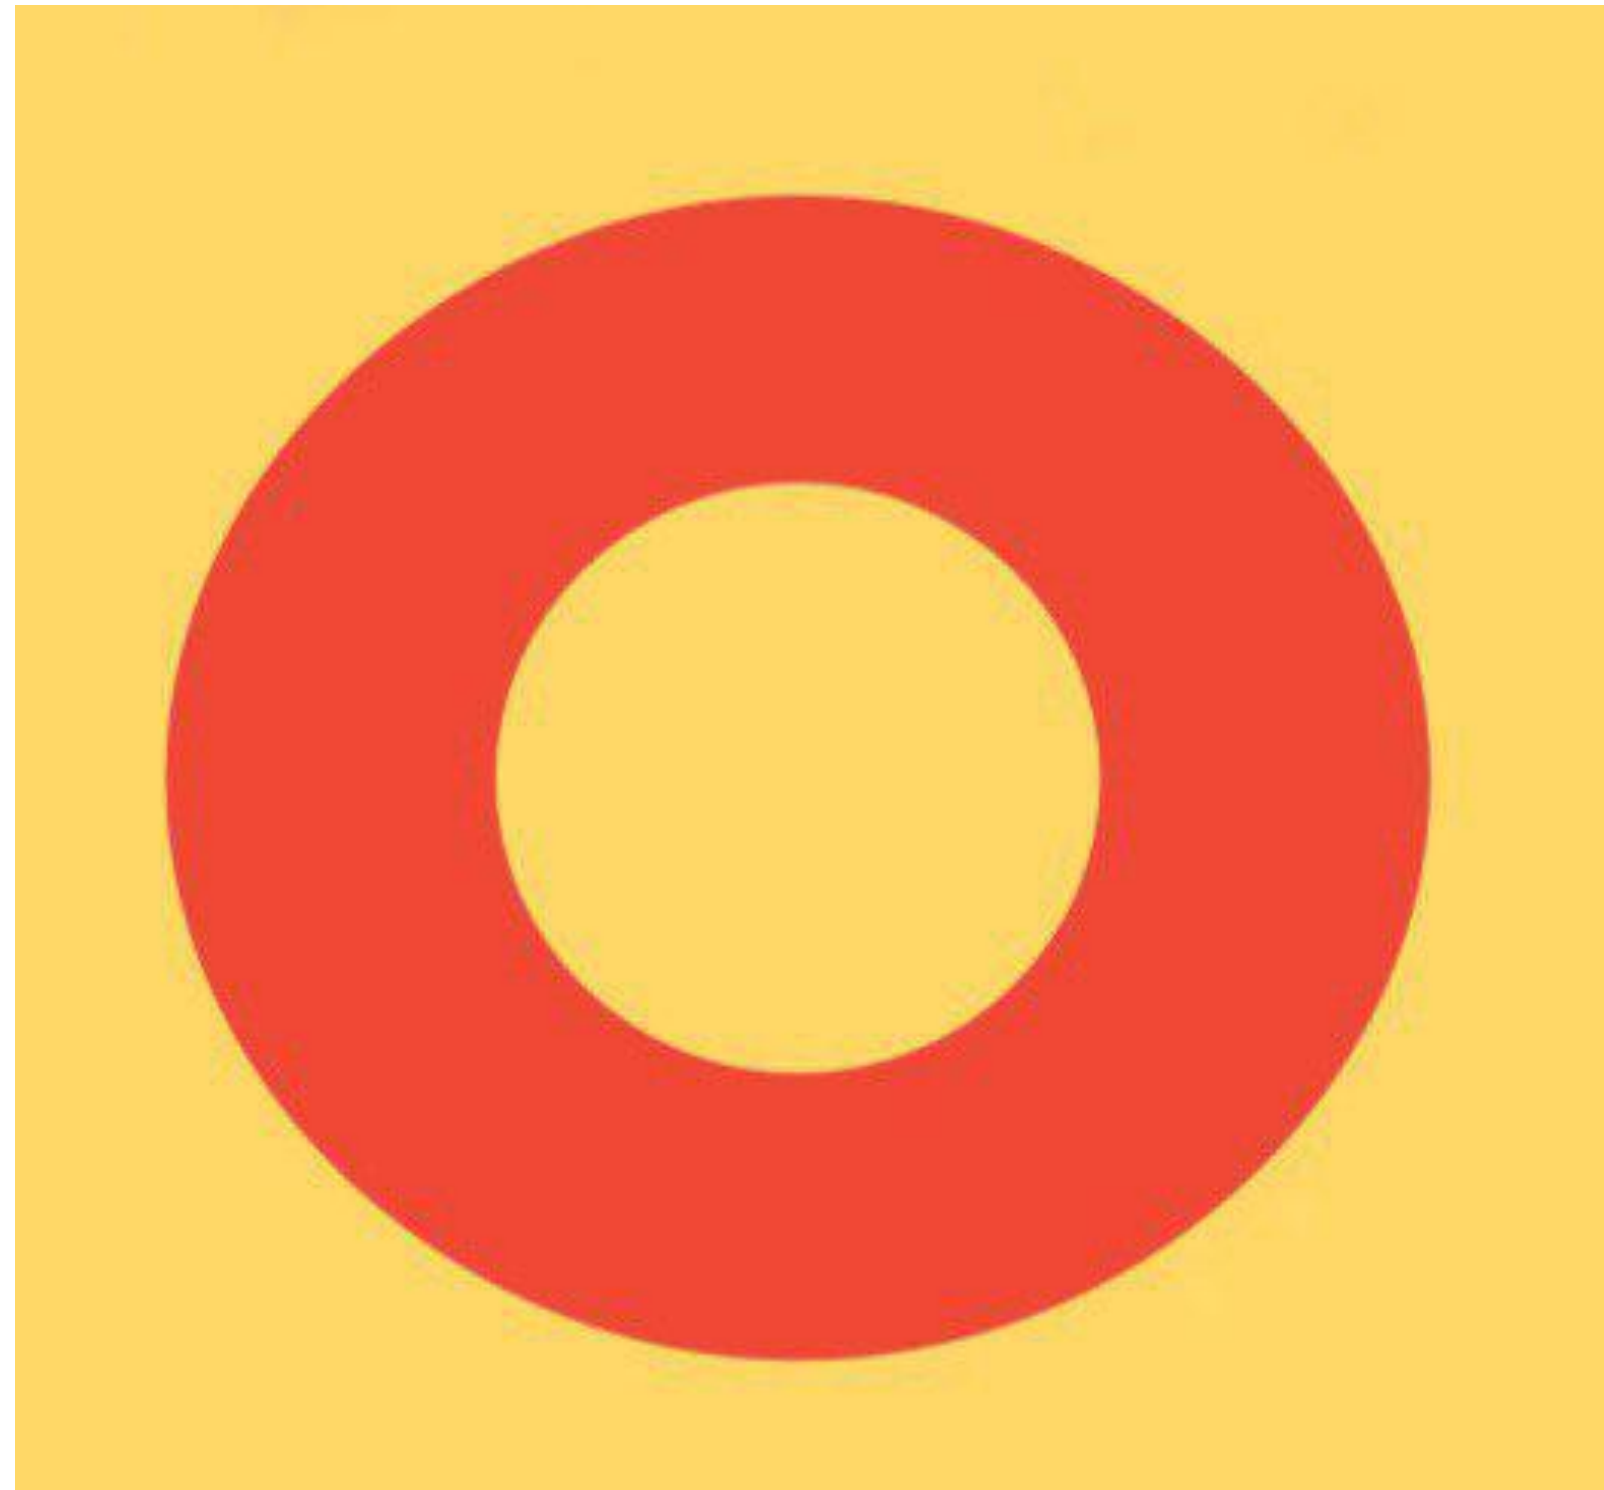

**360 days at storage temperature from 0 to + 25 C.**

# Apricot infinity

(Apricot wild ale)

**OG-19.5%; ABV-8.5%;IBU-5**

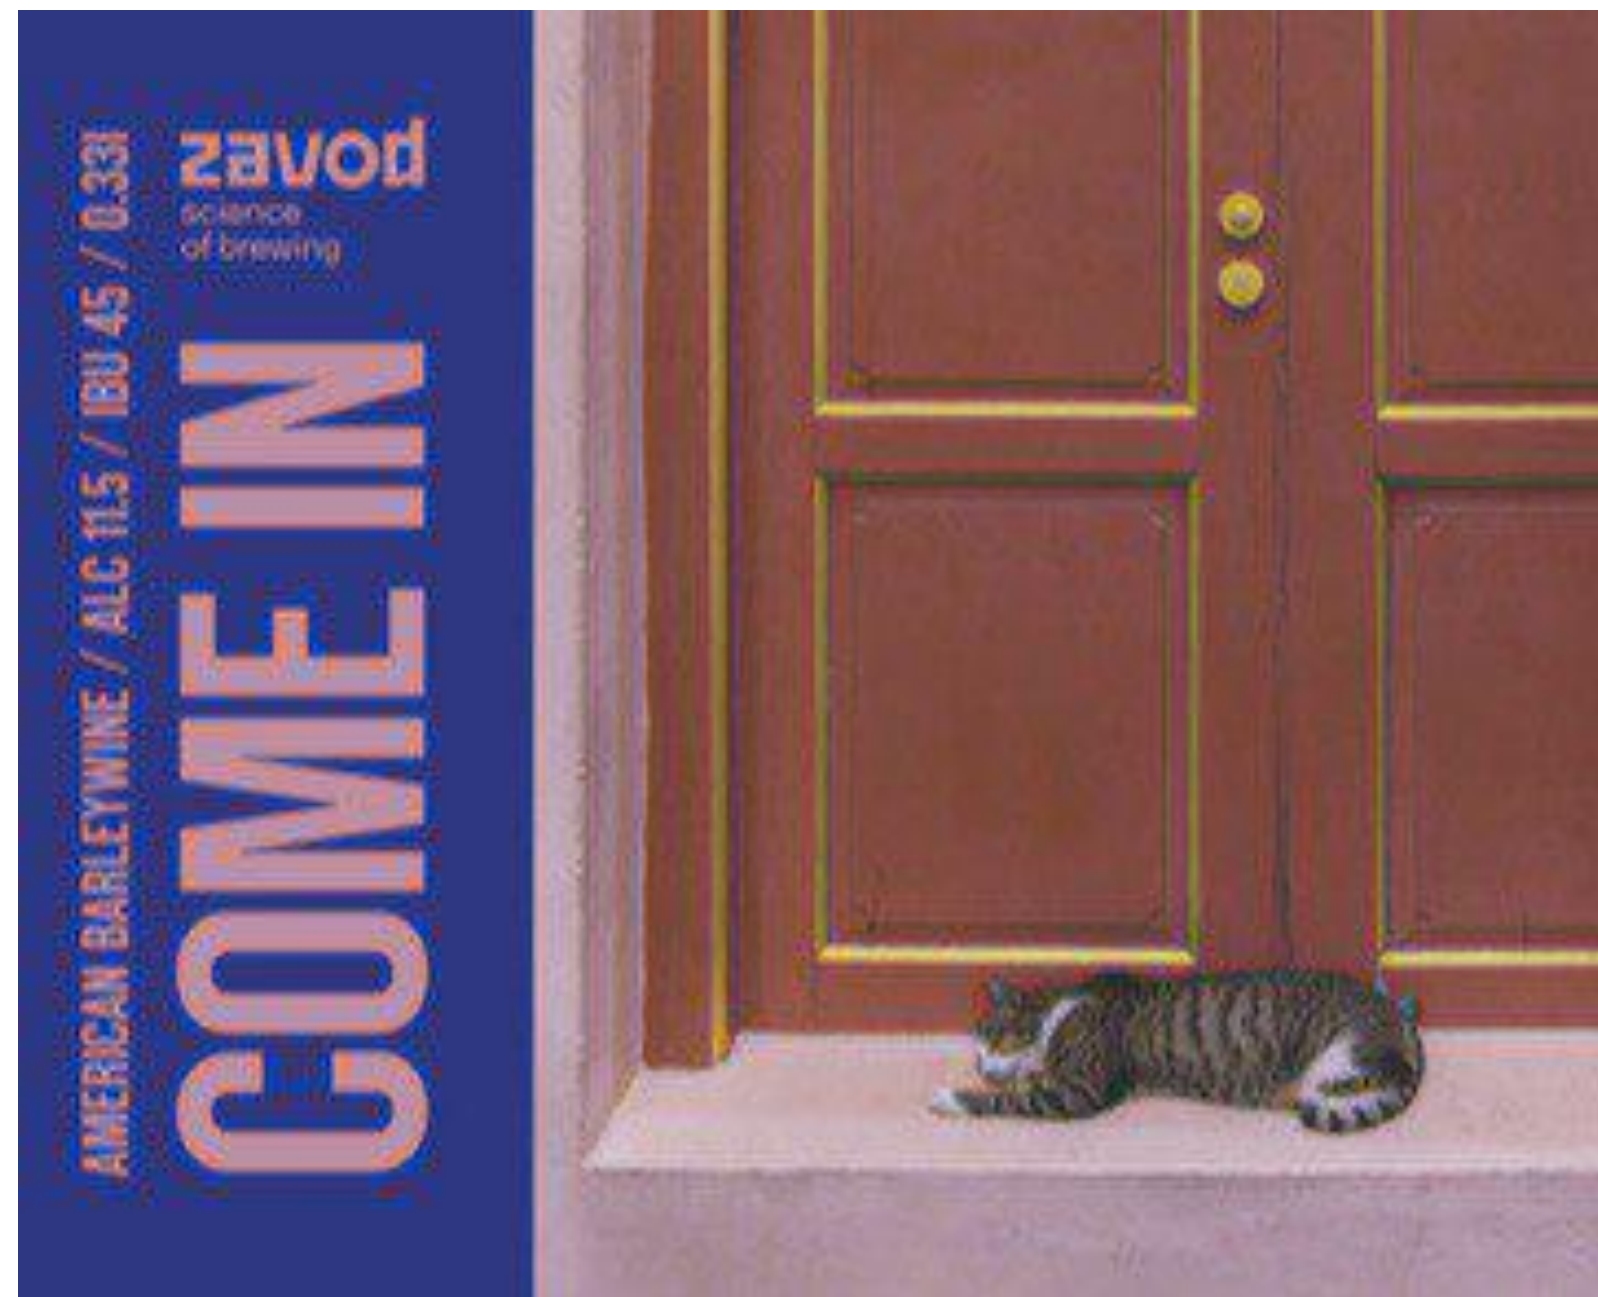

**Sour aged for 2 years in oak barrels strong light ale fermented initially with champagne yeast, bretanomycetes and seasonal yeast strain with the addition of 3 months before the apricot is ready, directly into the barrel.**

**Can 0,33 – Box 20 can – 80 € (4 €/can)**

**Quantity 1 box**

**Shelf life:**

**360 days at storage temperature from 0 to + 25 C.**

# Come in

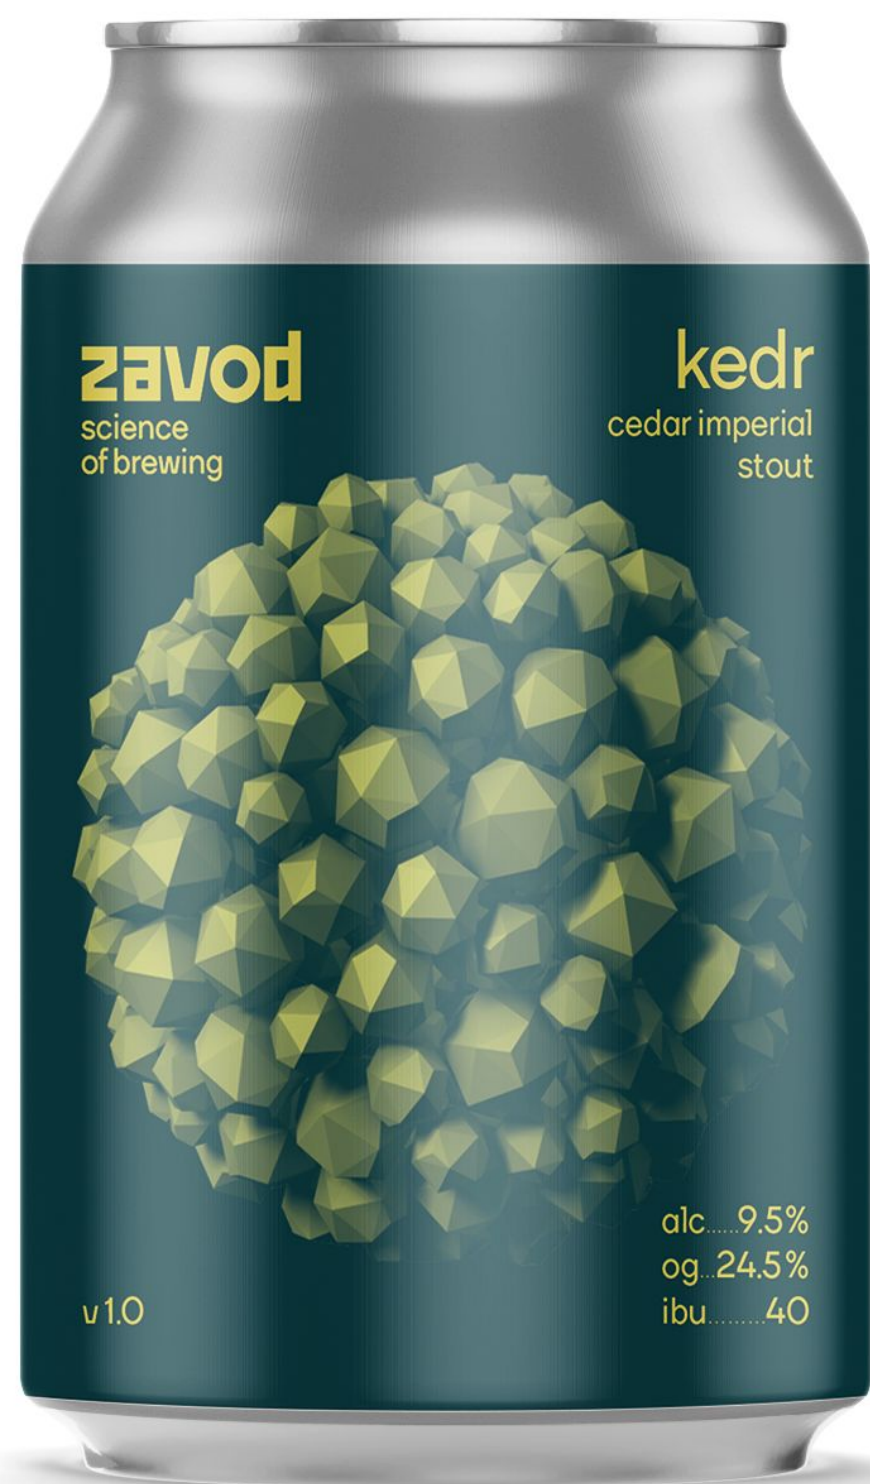

American barleywine

**OG-22.5%; ABV11,5%; IBU-45**

American barleywine. We took a lot of delicious malt, prepared a thick wort and gave it to a special strain of yeast, which gave us a high degree, and then hopped with fresh American hops.

**Can 0,33 – Box 20 can – 50 € (2.5 €/can)  
Quantity 1 box**

**Shelf life:  
180 days at storage temperature from 0 to +25 C.**

# Kedr

Russian imperial stout

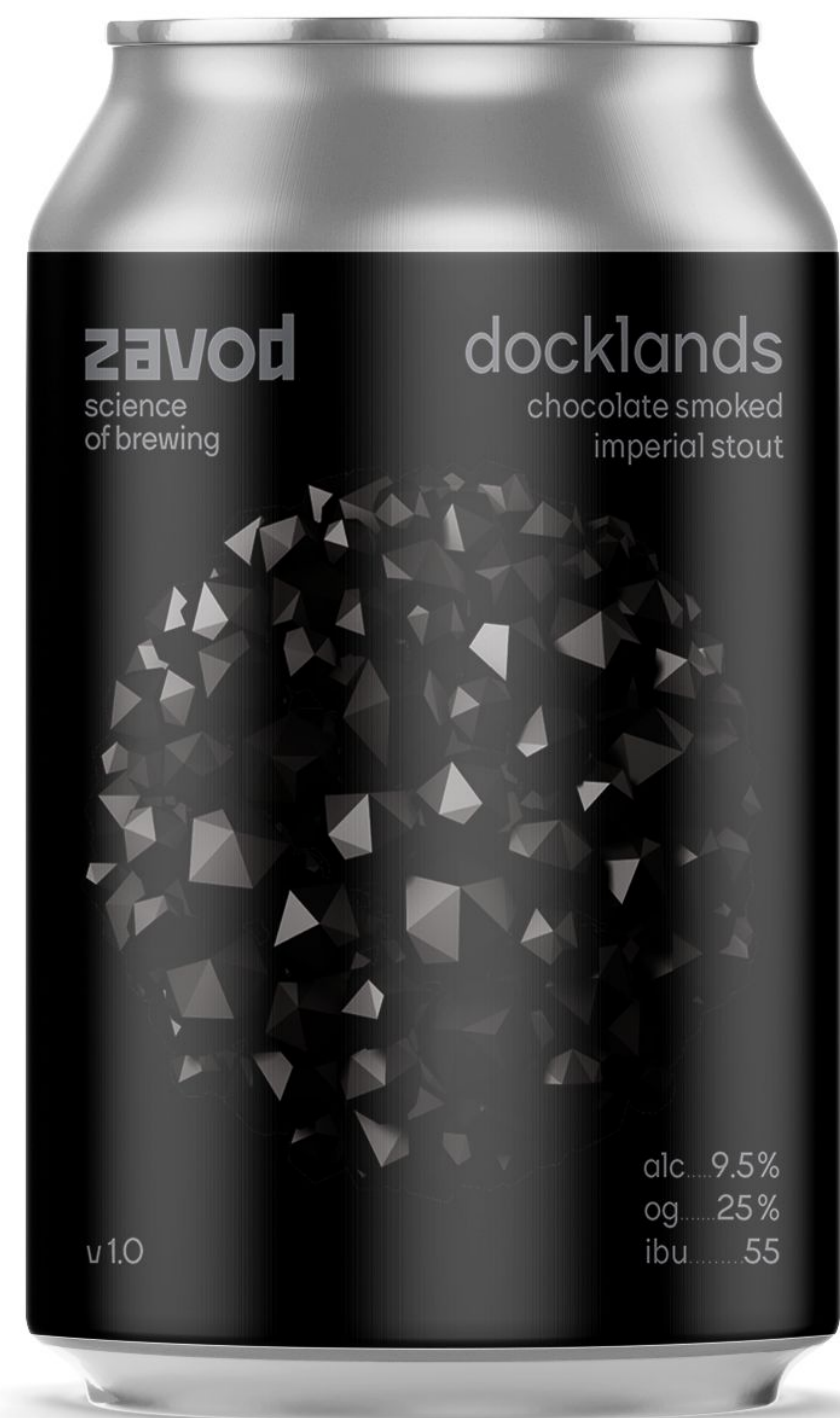

**OG-24.5%; ABV-9,5%; IBU-40**

**The Most Russian Siberian Imperial Stout. Severe burnt malt is added to the oil and pine nuts.**

**Keg 20 L – 100 €  
Quantity 4 kegs**

**Shelf life:  
180 days at storage temperature from 0 to +25 C.**

# Docklands

**Russian imperial stout**

**OG-25%; ABV-9,5%; IBU-55**

**Taste of old English docks. Smoke, cacao beans and tobacco in its flavor.**

**Keg 20 L – 100 €  
Quantity 2 kegs**

**Shelf life:  
180 days at storage temperature from 0 to +25 C.**
