Carl Gustav Jung

(1875-1961)

- Swiss psychologist and psychotherapist, founder of analytical psychology

"Astrology, as a collective unconscious, to which psychology addresses, consists of symbolic configurations: "planets" are gods, symbols of the power of the unconscious".

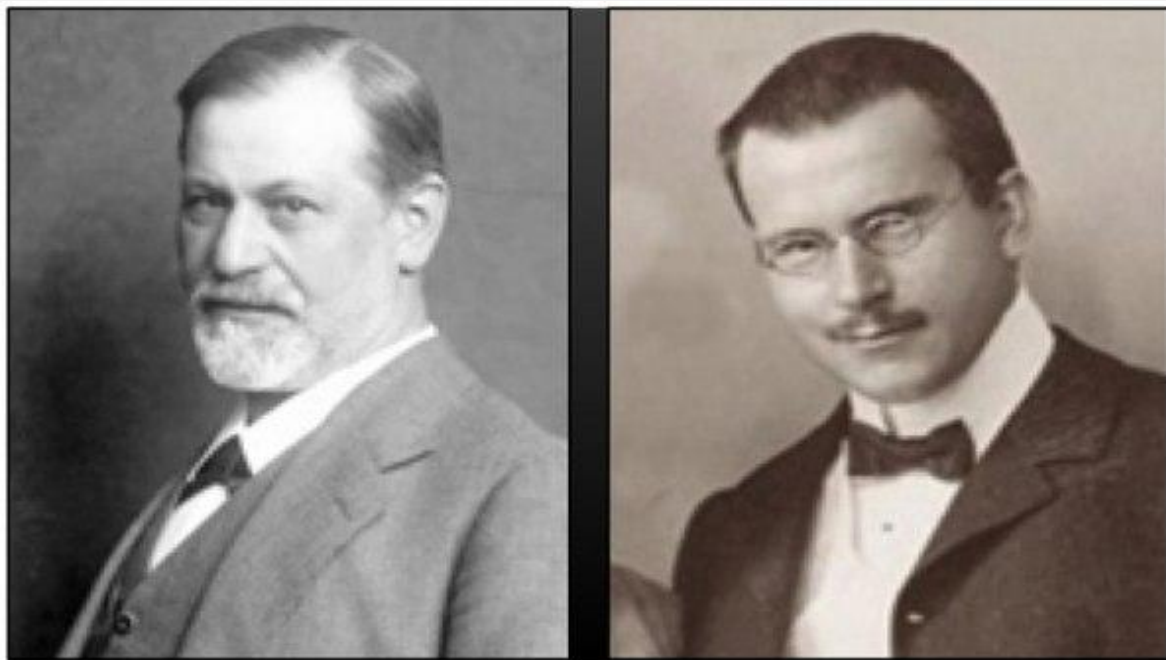

C.G. Jung's letter to André Barbault

(26.05.1954)

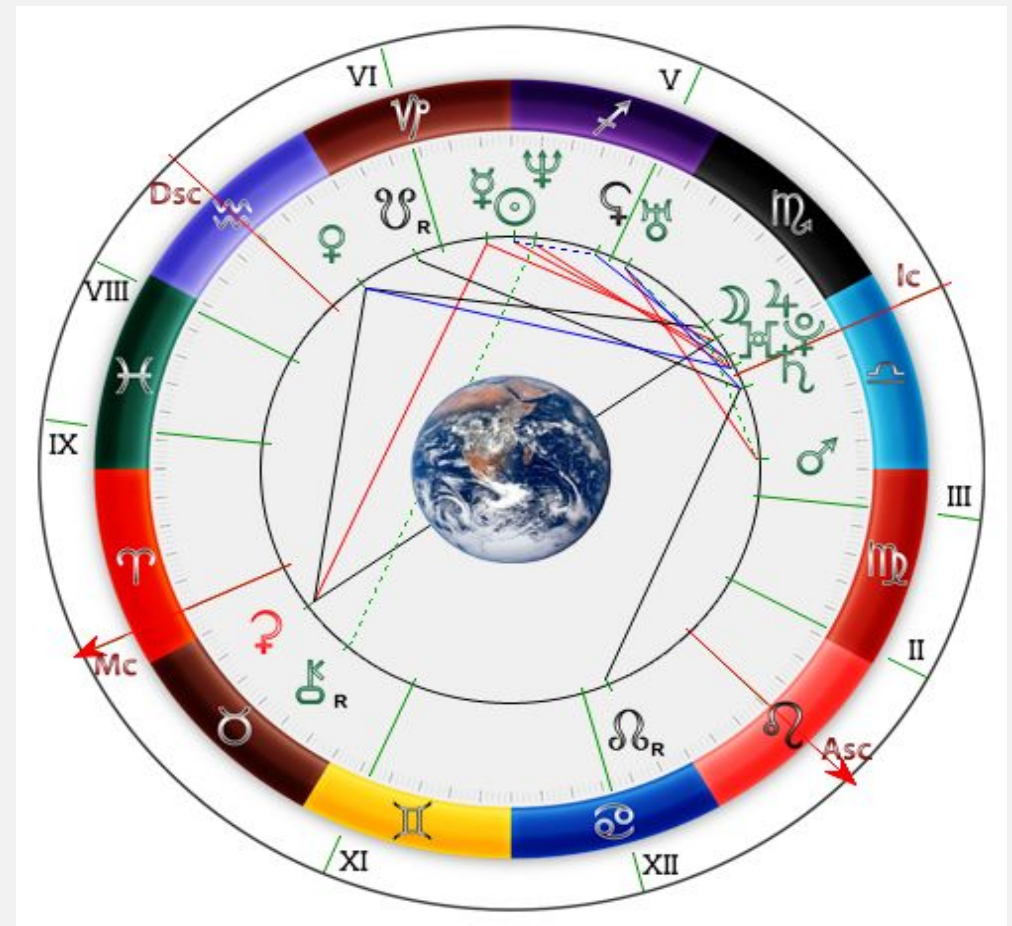

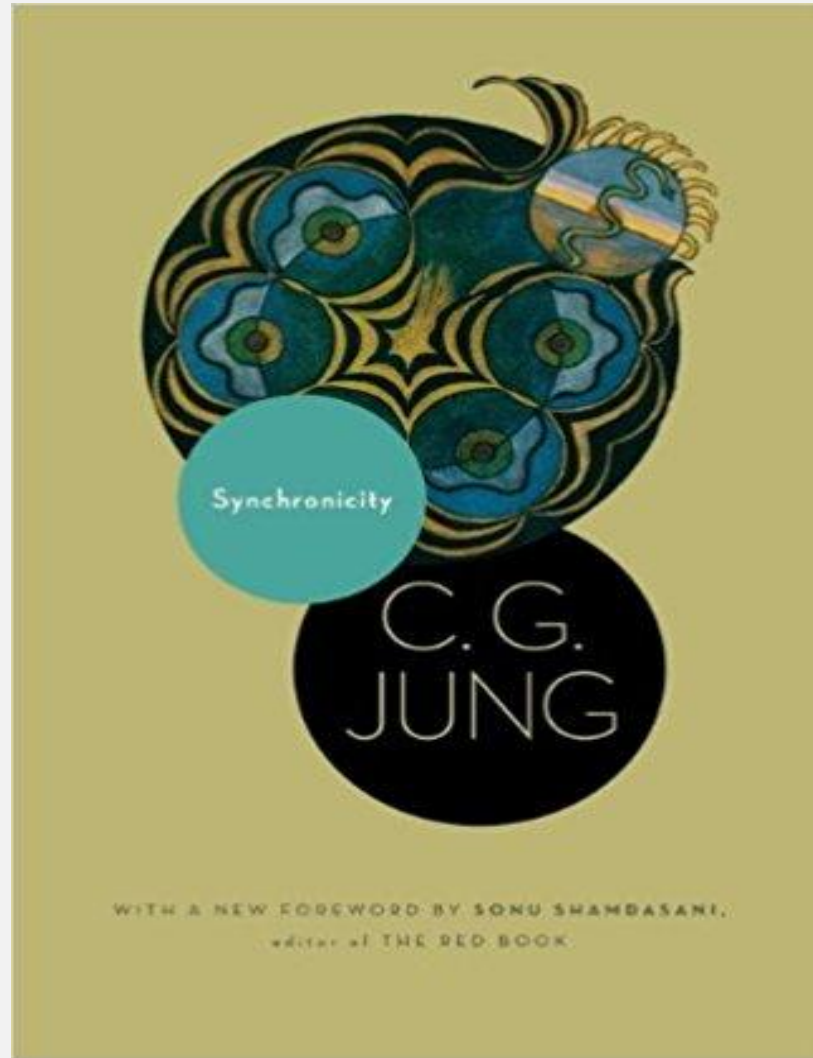

«My study of astrology is amazing! I came to the firm conclusion that at the moment of birth the individual acquires the characteristics of that state of the universe that it was at this point in time».

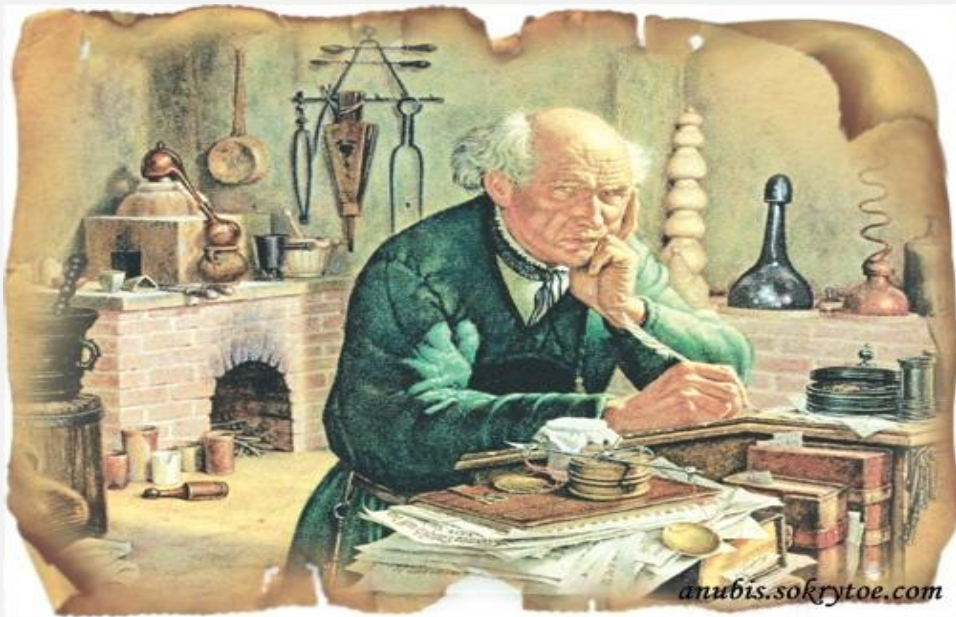

*C.G. Jung. From letter to Sigmund Freud
(12.04.1909)*

The Spiritual Search of Carl Gustav Jung

Astrology

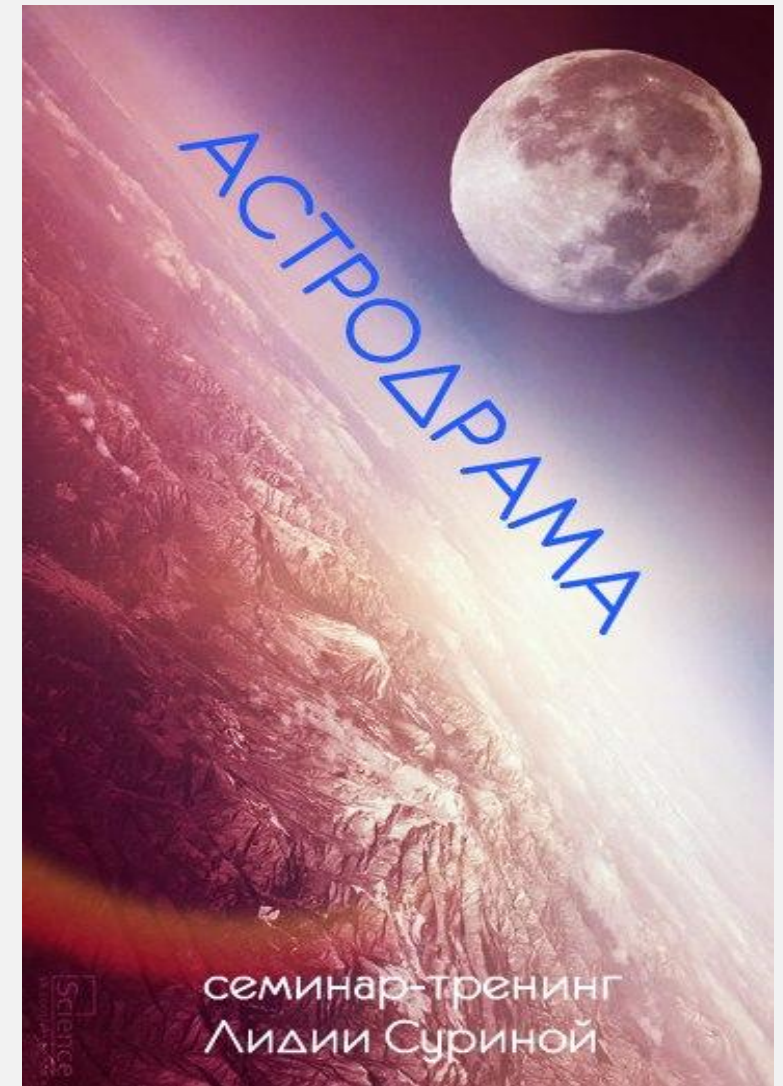

“Paracelsus saw the darkness of the psychic as a star-studded night sky, on which planets and constellations represent archetypes in all their clarity and divinity”.

C.G. Jung

"On the Nature of the Psyche"

Author's method of development of analytical psychology of C.G. Jung
