DDener (Дядя Дёнер)

The company "Дядя Дёнер" was founded in 2009 in Novosibirsk. The company operates a chain of fast food cafes, where the menu is based on different types of dener (kebabs). The main difference between that company and companies working with a similar menu is the synthesis of popular Eastern fast food and network technologies that form the basis of operational activities and development.

The menu of this restaurant consists mainly of specialty dishes: such as "doners", hot dogs.

There you can also find snacks: such as nuggets, fried potatoes, French fries, cheese sticks.
