AUSTRALIAN FLAG

MAP OF AUSTRALIA

AUSTRALIAN REGIONS (6+TASMANIA)

GEOGRAPHY

- The world's largest "island", but the world's smallest continent
- Country and a continent in the same time
- Called Down Under
- The hottest, the driest and the flattest continent
- 18 million people live there

PEOPLE

- Aborigines-first inhabitants-came from north 40,000 years ago
- British colony-1787 convicts came-they started the first colony there-Sydney
- Since 18th century white people live there – destroyed Aborigine's way of life
- Today-immigrants from all over the world

TOWNS and CITIES

- Most Australians live in the big cities on the SE and east coast
- CANBERRA-capital of Australia (333.940 people)
- Sydney (about 4 million people) and Melbourne (about 3 million people)

MELBOURNE

CANBERRA

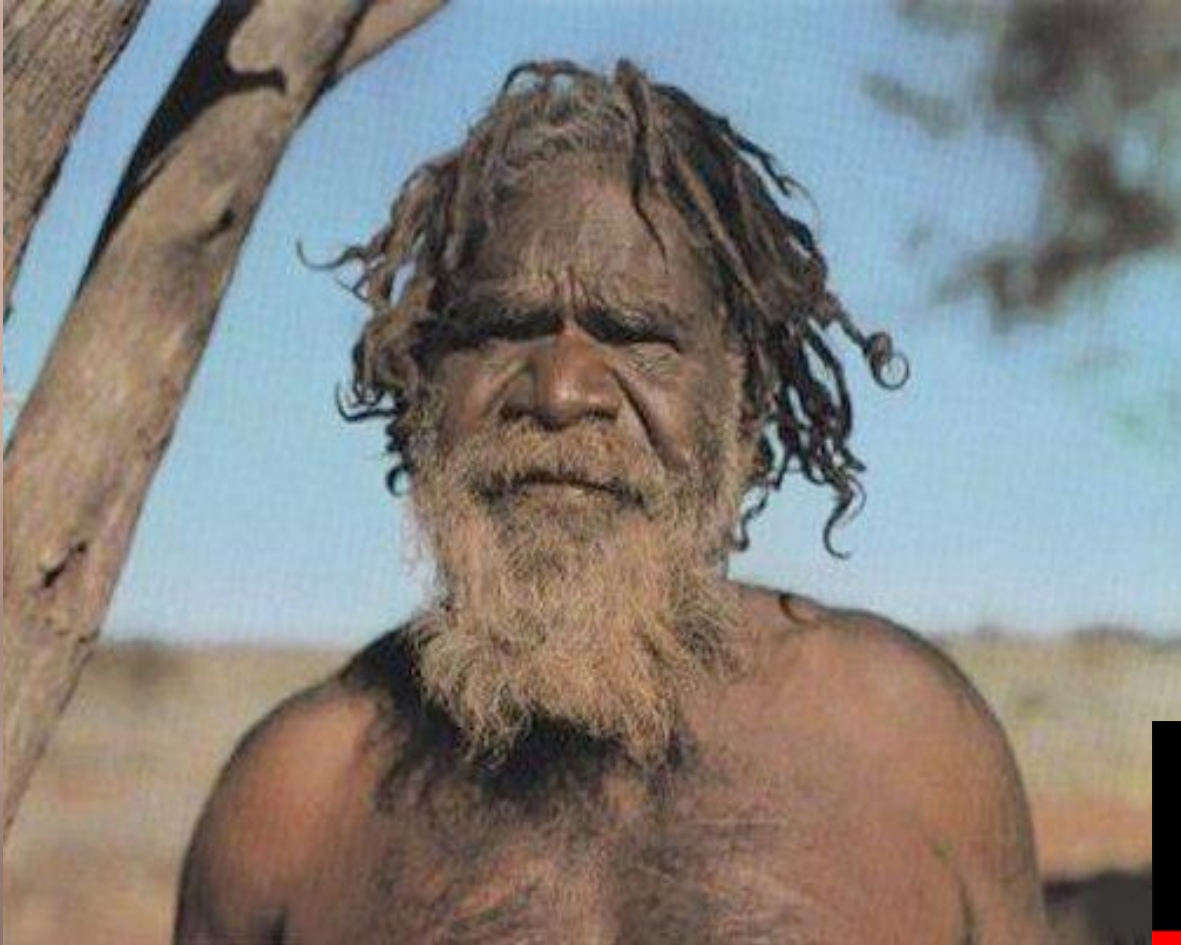

LIFESTYLE

- ▣ Very friendly people
- ▣ Love sport: surfing, swimming, sailing, tennis, golf, horse riding
- ▣ Birds watching-hobby
- ▣ Love to spend time on beaches
- ▣ Love to work on farms (150 milion of sheep)

LANGUAGE

- ▣ ENGLISH with special accent
- ▣ STRINE-Australian slang

ABORIGINES

- The word "aboriginal" means "the first" or "earliest known". The word was first used in Italy and Greece to describe people who lived there, natives or old inhabitants, not newcomers, or invaders.
- Australia may well be the home of the worlds first people. Stone tools discovered in 1971 show that humans lived in Australia at least twelve thousand years before they appeared in Europe.

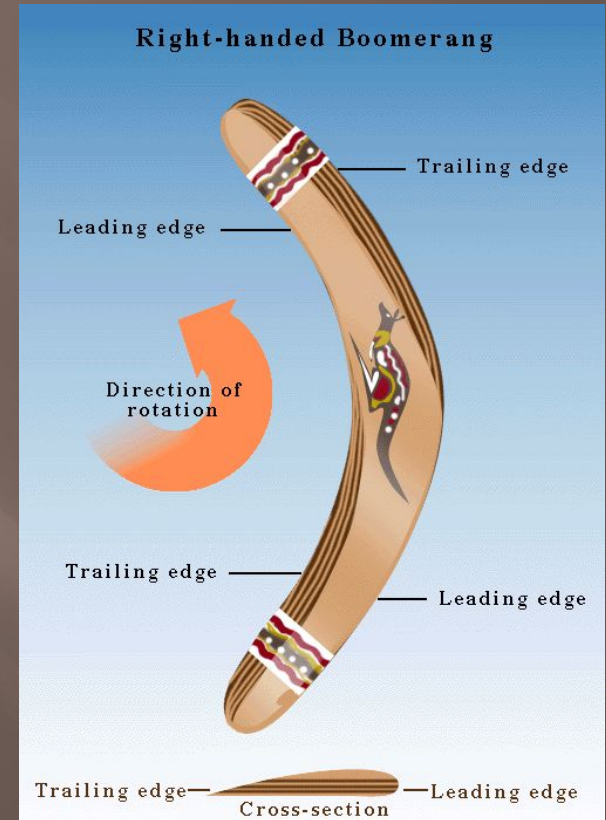

AYERS ROCK

BOOMERANG

ABORIGINAL INSTRUMENTS

- THE DIDJERIDU (didgeridoo) – 1-1.5 m, used to made out of wood holed by insects

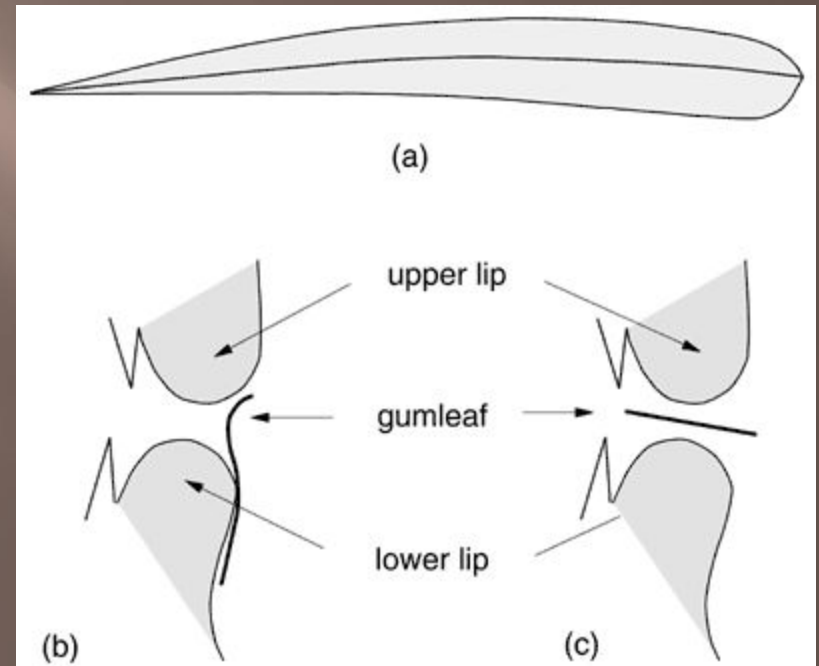

THE BULLROARER

- A bullroarer is a wooden instrument shaped like a leaf or an oval. It's attached to a string and when it is whirled through the air while spinning on its own axis, bullroarer is generating sounds are like howls, roars and thundering of animals or spirits.

THE GUMLEAF

- Leaf of one of the type of the Eucalyptus tree

CLAPSTICKS

used for playing rhythm
