ABOUT US

**TICTON STANDS FOR...**

**...Team spirit:** Ticton quite literally is an abbreviation of "**Teams In aCTION**". We ourselves are passionate gamers who enjoy the competitive nature of esports and friendly rivalries of fan communities.

**...Diversity:** Esports is diverse! No matter the game genre or skill-level. Pro, collegiate, high school and minor leagues are available. This means that there's an esports for everyone to actively play in or passively watch. We want to highlight this diversity and give every esports a chance to be discovered.

**...Inclusion:** Esports is the most inclusive form of competition we can imagine. No matter the language, background, gender or physical constitution, everyone is welcome to join in. In line with this principle, we started to build Team Ticton.

**...Accessibility:** Esports should be easy to access, that's why we are building messenger-first. There's no need to download anything or register. Ticton is made for ease of use. We want to bring down entry barriers into the spectators' side of esports, provide viewers with the information they need to enjoy the screen action.

**...Next Generation Digital Entertainment:** Gaming is at the forefront of revolutionizing digital entertainment. We are convinced esports will continue to fuel this trend. Team Ticton is excited to be involved and co-shape the landscape for years to come.
