

Hurts - Blind

- Since the day I left you
I hear your voice in every sound
Since the day I left you
I see your face in every crowd
It won't go away

But every time I feel you're near
I close my eyes and turn to stone
'Cause now the only thing I fear
Is seeing you're better off alone

Cut out my eyes
And leave me Blind
Cut out my eyes
And leave me Blind

With the weight of the world upon me
I can't hold my head up high
So if you see me on the street
Turn away and walk on by

- 'Cause after the beauty we destroyed
I'm cascading through the void
I know in time my heart will mend
I don't care if I never see again

- Cut out my eyes
And leave me Blind
Cut out my eyes
And leave me Blind

Girl I told you
After all we've been through
I don't want to be by myself!
Girl I told you that it would tear me in
two
If I see you with someone else

Cut out my eyes
And leave me Blind
Cut out my eyes
And leave me Blind

Cut out my eyes
And leave me Blind

Music when Soft Voices Die

- Music, when soft voices die,
Vibrates in the memory—
Odours, when sweet violets sicken,
Live within the sense they quicken.

Rose leaves, when the rose is dead,
Are heaped for the beloved's bed;
And so thy thoughts, when thou art gone,
Love itself shall slumber on.
