

Evaluate the strengths and weaknesses of different arguments or solutions

Terrorism is global problem, which threaten all the world.

Terrorism is, in the broadest sense, the use of intentional violence, generally against civilians, for political purposes. Terrorism have many different arguments.

Strength arguments:

- rising crime and poverty
- aggravation of contradictions in the political, economic, social, ideological, legal spheres;
- unwillingness of individuals, groups and organizations to use the system of public life adopted for the majority of society and the desire to gain advantages through violence;
- the use of terrorist methods by individuals, organizations to achieve political, economic and social goals

Weakness arguments:

- demarcation of society (the formation of social strata and groups with opposing interests);
- lack of an effective system of social guarantees for the population;
- a sharp decrease in the social security of the population, a decrease in life expectancy, an increase in acute and chronic diseases;

Strength arguments concern the most people. These arguments are political or economic problems, which influence millions people. These arguments can harm many people and constructions. We can lose bankroll or useful resources.

Weakness arguments concern only social groups. These arguments can harm minimal damage

Terrorism is global problem, which threaten everyone human. For solutions of terrorism need different and hard methods.

Strength methods of solutions:

- prevention and suppression of the financing of terrorism;
- countering the use of the Internet for terrorist purposes;
- facilitating dialogue and cooperation on counter-terrorism issues, in particular through public-private partnerships between public authorities and the private sector (business, industry), as well as civil society and the media;

Weakness methods of solution.

- increasing the security of travel documents;
- the promotion and protection of human rights and fundamental freedoms in the context of counter-terrorism measures.
- Ban of buy a weapons

These methods to render big influence by terrorism. Without finances terrorists can't buy weapons, means of transport and hire other criminals. And without internet terrorists shouldn't communicate with other people. They can't to plan an attack. If unite different organizations or political authorities, that they can solve problem of terrorism.

Other methods can to be ineffective. After all terrorists can make false documents for travel in other city or countries. They can trick airplane's scanners and other sensors. And terrorists can receive weapons by other methods. They can just to steal weapons.
